

"PROMISE AMERICA FULL SATISFACTION;" KAISER INSTRUCTS COUNT VON BERNSTORFF

GERMANS TAKE OLITA FORTRESS

Berlin, Aug. 27. (Via London)—The Russian fortress of Olita on the Niemen river, 30 miles south of Kovno, has been evacuated. Official announcement to this effect was made here today. In all the wide sweep of Russian territory south of the Baltic provinces which has been covered during the great Austro-German offensive movement the fortress of Grodna is the only strong defended position remaining in the

hands of the Russians. Olita was on the principal Russian line of defense, midway between Kovno, already in the hands of the Germans, and Grodna. It is about 50 miles southwest of the important railroad center of Vilna which is on the direct trunk line to Petrograd. Olita is the ninth important Russian fortress to fall beneath the invaders in the last three weeks.

BRITISH POUND DROPS TO LOWER DEPTHS

New York, Aug. 27.—Today proved no exception to the recent tendency of English money to establish new low records, of depreciation in this foreign exchange market. Pounds sterling were quoted at three-eighths of a cent under yesterday's closing quotation of 64.63½, which then marked the lowest ebb of values. Within the last three weeks the worth of sterling has gone steadily downward, checked only by reaction extending over several days this week, and succeeding in a dispatch today from Paris in which it was said that two noted French financiers had been designated by the finance minister of France to represent their government in the expected negotiations between British delegates and New York bankers.

Sure, We'll Have Some More Summer

Washington, Aug. 27.—Weather bureau experts said today that the cold wave which covered the east Thursday will last only until Sunday and Monday and vanish into the Atlantic with summer close on its trail. The cold wave came down from Medicine Hat over Lake Superior to the borders of the South and today extended east from the Mississippi river.

The coldest place in the United States in the affected zone this morning was Sault Ste. Marie, with a temperature of 34 but White River, Canada, recorded 32. The low temperatures, however, lasted only until the sun rose and weather bureau experts figure that practically no damage had been done to crops. A high pressure area in the Northwest and a low pressure area to the South brought about the change.

MYSTERY SURROUNDS MURDER OF PASTOR

Rev. Edmund Kayser.

Mystery surrounds the murder of Rev. Edmund Kayser, pastor of St. James' Evangelical Lutheran church at Gary, Ind., whose dead body was found in a vacant lot adjoining his home last Wednesday morning. A feud had rent the congregation for months, and members of the faction opposed to the pastor had sent many letters to him, threatening to take his life. The theory first advanced that Kayser was murdered because of his pronounced pro-German views has been abandoned.

FOUR ARE KILLED IN A WRECK

Phoenix, Ariz., Aug. 27.—Four persons were killed and twelve injured when part of a north-bound Atchison, Topeka, and Santa Fe passenger train from Phoenix to Prescott fell through a bridge at Date Creek, 70 miles north of here today. The bridge had been weakened by a cloud-burst. The engine passed over safely, then a span collapsed, plunging a smoking car into the stream.

FOUR MEN ESCAPE OHIO PENITENTIARY

Columbus, Aug. 27.—Four "honor men," three burglars, and one forger, walked away from honor squads last night. Warden Thomas of the Ohio penitentiary said none of the men had been apprehended this morning but it was expected all would eventually be rounded up and returned inside the prison walls. Those who escaped are Elsworth Galliday, Columbus, burglar, James Levering, Jackson, burglar, Elsie Layton, Madison county, burglar and Harry Baxter, Clark county, forger.

WOODS SAYS TEDDY SHOULD TAKE BLAME

Washington, Aug. 27.—Secretary Garrison made public today Major General Wood's reply to the secretary's telegram of yesterday directing that no repetition be permitted of the incident at Plattsburg Camp precipitated by former President Roosevelt's speech to the men in training there.

"Your telegram received and policy laid down will be adhered to," General Wood telegraphed. "I have just read Mr. Roosevelt's statement," said Secretary Garrison in a statement today. "I see he blames the whole thing on me. He takes the position it is his habit of making indiscreet speeches and that it therefore was my duty to find out if he intended to go to Plattsburg and if so to head him off and save him from himself. Well, maybe that's so but in a rather large order."

"He is a very active man and I am a very busy one, and it's going to be a pretty hard job for me to keep my eye on him all the time. The colonel's attitude about himself reminds me of the story of the Maine farmer who was on his way to the railroad station one morning when he met a friend. 'Where are you going?' said the friend. He replied 'I'm going down to Bangor to get drunk—and great Lord, how I do dread it.'"

CALLS DECISION AMERICAN VICTORY

London, Aug. 27.—The cable dispatches reporting the statement yesterday of Count von Bernstorff, German ambassador at Washington to Secretary Lansing that German submarine commanders had been ordered to attack no more merchantmen without warning are displayed prominently today in the London newspapers.

The Westminster Gazette says: "If Count von Bernstorff is speaking with full authority, the American government can claim to have won a very notable victory."

TRAVELERS MUST SHOW THEIR COIN

Paris, Aug. 27.—Every traveler leaving France hereafter will be required to declare the amount of funds in coin in his possession. If more than fifty francs (\$10) he will be compelled to exchange the excess for paper money under a decree issued today by the finance minister, Alexandre Ribot. This action resulted from an investigation of security of silver coin particularly in the frontier regions. It was ascertained that coins in circulation were being collected systematically for export. Even coppers and nickels were sought and exchanged at a premium.

She Wins Western Golf Championship At Chicago

Miss Elaine Rosenthal.

Chicago, Aug. 27.—Miss Elaine Rosenthal of the Ravinello Country Club, Chicago won the Women's Western Golf Championship today at the finals at the Midlothian Club links, defeating Mrs. Harry D. Hammond, Highland Club, Indianapolis, four up and three to play.

WOMAN ENDS LIFE IN SCIOTO RIVER

Columbus, Aug. 27.—Descriptions carried in early editions of Columbus papers today of a fashionably gowned unknown woman, who committed suicide just after midnight last night by jumping off the Town street bridge into the Scioto river, resulted in her identification as Bessie McMillan, aged 35, of 44 East Engler street. Two sisters of the dead woman, Mrs. Rose Ball, of Columbus, and Mrs. Glen Krieg, of Logan, who is visiting Mrs. Ball, had arranged to go shopping with Miss McMillan this morning, but when they called for her at the Engler street address she was not there.

Happening to buy a paper, they noticed the account of the suicide and feared from the woman's description that it might be their sister. A visit by a brother, Bert McMillan, to the county morgue, confirmed this suspicion. No reason, except despondency, can be assigned for the act.

The body will be shipped to Vinton, Gallia county, where the woman's parents, Mr. and Mrs. William M. McMillan, reside. Emmett McMillan, of Union Furnace, and Henry, of Vinton, are brothers.

General's Wife And Three Children Die In Blaze

San Francisco, Aug. 27.—Mrs. Frances Warren Pershing, wife of Brigadier General John J. Pershing, U. S. A., and three of her four children, were suffocated in a fire in their quarters at the Presidio of San Francisco today.

The bodies were badly burned. Mrs. Pershing, a relative and her two children escaped, as did Warren Pershing, five years old, and three servants. The dead children are Helen, Anne and Margaret, all under eight years. Mrs. Pershing was a daughter of Senator Warren of Wyoming. Her husband, commanding the Eighth Brigade, United States Infantry, is at El Paso, Texas, in charge of the border troops.

The fire was believed to have been caused by a night lamp. A burst of flame from the roof of the general's big two story frame house, which stands on the parade ground directly in front of the headquarters flagpole, was the first intimation of the fire. The Presidio army fire department

RELATIONS BETWEEN TWO COUNTRIES ARE NOW MUCH BETTER

Washington, Aug. 27.—Count von Bernstorff, the German ambassador, acting on instructions from Berlin, notified Secretary Lansing today that "full satisfaction" would be given to the United States for the sinking of the White Star liner Arabic. The ambassador explained that Germany would make more than a mere disavowal if it is found the Arabic was sunk without warning.

Count Bernstorff today called at the state department early and conferred with Secretary Lansing nearly half an hour. It had been suggested that perhaps Germany was ready also to make reparation for the Americans lost on the Lusitania, but that subject did not come up at today's conference. The disposition of the German embassy is to take up one step at a time.

The ambassador did not make public the extent of instructions from Berlin on which he acted, but it was understood they considered entirely with the statement of the German chancellor in Associated Press dispatches from Berlin yesterday, expressing the willingness of the German government to make fullest reparation if it is shown finally that the Arabic was torpedoed without warning.

So far the German admiralty has received no report from its submarines which were operating in the Arabic's vicinity. Further communications now are expected from Berlin to the German ambassador and to the state department from Ambassador Gerard, which will advance the negotiations to a point where attacks on passenger carrying ships will be definitely discontinued at least.

BISHOP IS SHOT BY IRATE PRIEST

Winona, Minn., Aug. 27.—Rev. Patrick R. Heffernan, bishop of the Winona Roman Catholic Diocese was shot and seriously wounded today by the Rev. Father A. L. Lesches, priest for whom the bishop had refused to procure an appointment. The bishop was shot once through the right lung and once in the hip. Physicians said he would recover unless complications set in. Father Lesches was arrested.

Bishop Heffernan was sitting reading in his library at Terrace Heights when Father Lesches entered and fired twice at him with a revolver. The priest then returned to his room at St. Mary's college had locked himself in. He was arrested soon after by Sheriff A. L. Lesches, who forced entrance at the point of a revolver.

Father Lesches had been spending the past week at St. Mary's college, diocesan headquarters here, seeking an appointment which Bishop Heffernan had refused to give him.

Father Lesches is 46 years of age, of French birth and came to this country in 1893.

25,000 MINERS IN WALES FIELDS OUT

London, Aug. 27.—Reports from the South Wales coal fields this afternoon state that 25,000 miners already have joined the new strike.

The recurrence of labor troubles is due to growing dissatisfaction with the ward of Walter Runciman, president of the board of trade, who acted as arbitrator in the recent strike. The situation was strained further when the commissioners learned that Mr. Runciman with going behind the arrangement made by David Lloyd-George make good his promise to them.

Despatches from Cardiff at the time the strike was settled last month said that the terms accepted by the miners as a result of Mr. Lloyd-George's trip to Wales provide for a substantial increase in wages and other concessions to the strikers which were considered by them as tantamount to an admission of their claims on nearly all the outstanding points.

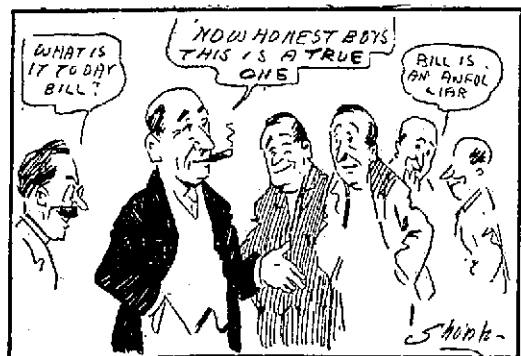

STRIKE TIES UP STREET CAR LINES

Holyoke, Mass., Aug. 27.—The traction system of the Holyoke Street Railway company in this city and Amherst was tied up for the second time this month by a strike of 250 car men today. They quit work because the company refused to consent to a working agreement of only one year's duration.

Over the hills of tomorrow you'll find the House of Never, but I wouldn't advise you to start out to look for it. When a fellow gets dissatisfied with his lot he can always find a politician willing to promise him relief in return for his vote. Here's for tomorrow: Ohio—Partly cloudy in north; showers in south portions tonight. Saturday partly cloudy and slightly warmer. Kentucky—Partly cloudy, probably showers east portion. Saturday fair and slightly warmer. West Virginia—Showers tonight; Saturday partly cloudy.

Pests I Have Met Byran

No. 19—The Ready Liar

If this pest thought that he could make anyone believe it he would not hesitate to say that he had been somewhere recently where whole buckets of rain fell that was perfectly dry, or some other tale equally as ludicrous. The Ready Liar is amusing to say the least. Those who know him are always ready to listen to his tales, for this pest's imagination is very vivid. The worst part about him is that he usually believes his own little lies so readily that he imagines everyone else will follow suit.

Every community has its share of this pest. We are the people who when this pest takes a trip anywhere, even if it is to an adjoining town, for the tales he has to tell on his return are marvellous, and he tells them with as straight a face as though he were telling them from the Bible. Apparently they have a vague idea that some of these tales are believed by the people who con-

gregate round him for the purpose of enjoying a laugh at his expense, for the laughs have no effect on him or his eagerness to spin his unreasonable yarns. This is the same man who will go hunting or fishing and come back with tales of the large fish or game that "just did get away." And their tales are given just about as much credit as these fish and game stories. This pest should be made to sit on the public square for a week reading aloud—"Thou Shalt Not Tell a Lie."

RIDAPILE CONES
Cures irritate and enlarge the blood vessels, which creates piles. A new treatment for piles (a recent discovery of a New York Specialist). This scientific remedy contains a powerful, non-poisonous, germicide and antiseptic which removes the cause that creates piles without inconvenience to the user. Of the Cone is quickly obtained; pain banished; itching immediately ceases; bleeding is stopped; protruding piles and hemorrhoids reduced after a few applications of the Cone when used according to directions, restoring these parts to their healthy condition.

Ridapile Cones remove the cause by killing the germs. The Cone exert a healing and soothing action and a trial brings immediate relief. Ridapile Cones do not contain OPIUM, MORPHINE, COCAINE, or other NARCOTICS. PRICE 50c. AND \$1.00.

FLOOD & BLAKE'S Drug Store.
To prove the merit of Ridapile Cones write for free trial sample to Commercial Products Corporation, 154 East 22nd Street, N. Y.

NEW BOSTON

The regular session of the school board will be held at the town hall tonight. All members should be present as important business is to be transacted. Superintendent S. D. Eckhart will present a list of teachers names for approval by the board. Ordinances are to be passed ordering the work of installing sanitary plumbing in the two schools to proceed. The work has been held up until the \$6000 bonds were sold. The bonds were sold two weeks ago to the Portsmouth Banking company. School will likely start Tuesday September 7.

The paved streets, water service and storm and sanitary sewers means an increase in the tax rate. The present tax rate is \$1.19. The county budget commission, Joseph Micklethwait, Jr., J. Caldwell and T. C. Patterson with Village Clerk Thomas O'Neal and Charles Dixon, member of council present. Held a meeting several days ago and talked of the tax rate increase. It has not definitely been decided but it is the tentative plan to make the rate for the village \$1.48.

Contractor William May completed the east end of the three foot brick sewer on East Rhodes avenue Friday.

The members of the Ladies' Aid society of the Christian church held a meeting Thursday afternoon at the home of Mrs. William Fremont on Gallia pike. The members drew \$1 out of the treasury several weeks ago and were to increase it as much as possible. Thursday the members turned in their money, the amounts running from \$1.50 to \$5. Mrs. Thomas O'Neal turning in the \$5. The following officers were elected: President, Mrs. Thomas O'Neal; vice president, Mrs. Randolph Smith; secretary, Mrs. Mary Hunt; treasurer, Mrs. Ida Rose.

Ralph Cautley son of Mr. and Mrs. John Cautley of Stewartsville has left for Sandusky to visit an aunt until school opens on September 7.

Thurman Emory, butcher for O. D. Chinn, has purchased the two story brick house on Harrisonville

and moved into it. The company physician dressed the wound.

William Norris, 30, a resident of Ceredo, W. Va., who is employed as an N. & W. section laborer, had his right leg badly bruised Thursday at Keweenaw, W. Va. Norris was assisting in loading ties from one car to another when a tie fell from a pile on his leg. The company physician at Keweenaw dressed the injury.

Men and teams were put to work excavating on Norfolk avenue, Friday. Excavating on Walnut street has about been completed and everything is ready for the cement curb and gutter and street railway track.

Miss Jennie Lawson, of Gallia pike, who has been confined to her home for several days, is convalescing.

Mrs. Nora Thompson, of the city, was the Thursday guest of Mr. and Mrs. John W. Chick. Mrs. Thompson is a daughter of Mr. and Mrs. Chick.

Dolly Shannon, N. & W. laborer, who had his right forearm broken at Hildes, Wednesday, was a visitor at the local N. & W. division offices Thursday. He was enroute to his home in Cincinnati.

N. & W. special officers, Bob Rem and Andy Leslie, who have been working on clues to the recent N. & W. station robberies, report no success.

After dropping down to about 1250 loads for two days, business on the N. & W. took a jump Friday and went up to the 1500 mark. The movement of coal north is heavy and all empty cars available are being sent east. Yard masters and agents have been instructed to have all cars

guests of Mayor Dr. Shattuck of Coal Grove who also had as his guests Messrs. Nash and Haskins. Concrete base was poured on Gallia pike from Cooper Bros. store to Park avenue Friday. Work of pouring base on Park avenue was held up Friday on account of the street railway company failing to put in their track. The track will be put in Saturday. Ira Shafer, Gallia pike barber, nearly severed the end of his left thumb Thursday when his hand slipped while opening a razor.

The Fallen Timber mine will buck up against the following lineup Sunday when they play the Braves on Peebles Peebles' diamond; McHenry, cf, Haselip 2b, Conley c, W. Haselip ss, Hickman 1b, Hatten 3b, Middaugh lf, Makler rf, Lucas p, Culver p.

The Obenchain-Boyer company, manufacturers of hand fire apparatus of Logansport, Ind., has written Clerk Thomas O'Neal for a report on the work of the Obenchain-Boyer fire apparatus now used by the village. They ask for a letter of recommendation, but according to O'Neal it will be hard to send such a letter after the way the apparatus has acted when used at fires.

Contractor J. C. Harris is putting up a home in Idlewild addition for Messrs. Alan Jordan and L. C. Turley. The house will be occupied by the caretaker of the property.

The Cubs who have a game scheduled with the Yankee nine from the city for Sunday afternoon at Peebles' diamond will present the following lineup: Payton c, Mowery p, G. Semones 1b, offe 2b, Simmons ss, Burke 3b, Tibbs lf, Chinn cf, H. Albertson rf, Goodman and Wolfe substitutes.

Kelly Bros. put their steam shovel to work excavating on Rhodes avenue at West avenue Friday.

Mr. and Mrs. Charles Bureham and children and Mr. and Mrs. Ogle Bureham motored to the Proctorsville fair, Lawrence county Thursday. They were also

emptied and forwarded east as soon as possible.

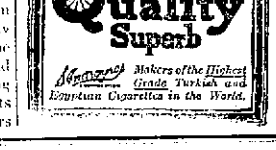

Irene Schulz, daughter of Mr. and Mrs. R. J. Schulz, of Poplar street, is confined to her home with a slight illness.

S. Monroe and Sons started pouring the last of concrete base on Gallia pike Friday.

F. Freeman, popular N. & W. freeman, is the guest of relatives at Peebles, O.

Mrs. G. W. Marsh, wife of N. & W. pump inspector Marsh, has returned from a visit with relatives at Peebles, O.

Women's Feet Growing Smaller.
The sex will rejoice to hear that an English scientist declares that women's feet are growing smaller. He claims that a study of former types of feet goes to prove that the feet of modern people are more shapely than those of their ancestors or those of the savage races. Perhaps, after all, the mistakes of ill-fitting shoes have not seriously deformed the general type of foot.

Lawrence W. Bridge will be appointed at a meeting of the Board of Education tonight as Latin teacher for the local high school, thus completing the faculty for the coming year.
Mr. Bridge attended Hiram College and finished his course at Butler College in Indiana. He is now preparing for his master of arts degree at Ohio State University. Last year Mr. Bridge taught at Broadus Institute, at Philippi, W. Va. Mr. Bridge is married and makes his home at Dayton, Ohio.

TOOK LONG TRIP IN THE SEARCH FOR CHEWING GUM

Nell Scott, two-year-old daughter of Mr. and Mrs. W. O. Scott, of 1621 Franklin avenue, started out to buy a couple of cents worth of chewing-gum Thursday afternoon, about four o'clock, and did not stop until she had purchased the gum at the Freund pharmacy on Gallia and Offene streets. Her mother, forgetting that the store was closed, sent the tot to the Henry Helbig grocery, near the Scott home, but the child on finding the store closed, continued on her trip. About six-thirty her older sister, Garnet, and Marie Van Gorder entered the Freund pharmacy to call the Scott home to tell of their failure to find the girl, when they suddenly heard little Nell say, "Here I am, Garnet." It was a happy trio that marched home after the several hours' search.

Telegraph Operators Work For Prizes

San Francisco, Aug. 27.—Expert telegraphers from all parts of the United States were here today ready to compete in the championship tournament under the auspices of the Panama Pacific Exposition. Among the contestants were D. J. Ellington, holder of the Carnegie diamond medal, C. V. and Herman Danfield, T. S. Brickhouse and John Hilliard, all of San Francisco, and G. W. Smith, of Philadelphia. The tournament includes nine events open to the telegraphers of the world, and railroad, commercial, press, and brokers' operators among the competitors. The championship prize carries with it the Carnegie diamond and a cash prize of \$200. Other events carry cash prizes. The contests scheduled for today were the railroad men's contest, wireless press and commercial.

Greece And Entente Powers Agree?

OBITUARY

Paris, Aug. 27.—Representatives of the Entente powers and Greece, according to a dispatch from Athens to the Havas agency, have reached an agreement upon greater trade privileges between these countries which has produced an impression that public opinion in Greece favors the Allies. Henceforth all importations to Greece will be allowed without hindrance on the basis of trade statistics, Greece undertakes to prevent re-exportation to the central powers or Turkey and to permit free transit and access to Greek territory to all goods destined for Bulgaria and Serbia. Partisans of the Entente Allies comment upon this first act of the Venizelos ministry as a good augury for further negotiations.

BIRTHS

A son was born Thursday evening to Mr. and Mrs. James Adams of Eighth street. Mr. Adams is a brickworker.

Mr. and Mrs. James Walker of Tenth street, are the proud parents of a little son the stork left at their home Thursday. Mr. Walker is a steelworker.

Elmer Fieger, of this city, received a telegram Friday from Newport, Ky., announcing the news that he was the father of an eight pound daughter, who arrived at his home Thursday. Mr. Fieger will go to his home in Newport Sunday, and will be accompanied by Mr. and Mrs. E. G. Fieger and son of this city.

SOAP IS BAD FOR THE HAIR

Soap should be used very sparingly, if at all, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary multifaceted coconut oil (which is pure and greaseless), is cheaper and better than soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get multifaceted coconut oil at any pharmacy, and a few quints will supply every member of the family for months.

CITY'S 1915 TAX RATE TO BE \$1.38

Portsmouth's tax rate in 1915 will be \$1.38 per \$100.00 unless the tentative levies prepared by the Scioto County Budget Commission are changed by the State Tax Commission. County Auditor T. C. Patterson, clerk ex officio of the commission, is preparing

the budgets now, and expects to have them ready to forward to the State Tax Commission by Saturday. Last year the rate was \$1.33.

An increase of .025 was made in the school and corporation funds, mostly in the sinking funds. The levies for the city are as follows: State,

.045; county, .48; school, .37; corporation, .435. Last year, they were: state, .045; county, .48; school, .345; corporation, .460.

Tax levies for all of the taxing districts in the county have also been figured, and will be sent to Columbus at the same time.

MAY DRAFT FIVE LOCALS; PRESIDENT CARR IS HERE

While on his way to his home in Columbus President Joseph Carr of the Ohio State League stopped off here Friday and spent several hours with President Wm. Gableman of the local team. Mr. Carr had been in Charleston looking after the Ironton team, which has been a road club for the past three weeks.

Enjoyed Picnic At Millbrook Park

The picnic given by the German Evangelical Brotherhood on Thursday afternoon at Millbrook park for the benefit of the Sunday School pupils and church members was greatly enjoyed by a large number. The threatening and cool weather kept but few away. There were races of different kinds in which the young and old alike took part. A ball game between the young and old men proved exciting. Rev. S. Lindenmeyer "is a real base ball star," it is said. Supper was served near the Casino at six o'clock.

HARDLY A CHOICE.

The various agencies that have been looking into the matter of repairing the gap in the flood wall, caused by the onrushing Scioto, in 1912, find it will cost no more to restore "the Point" along with the damaged wall than to run a new line further east.

That seems to leave only one thing to do, restore that section swept away by the flood and replace the damaged wall as it was originally. It is apparent a wall built on the original lines will be quite as permanent as one laid eastward. The river is straightening itself out at a point just above the new bridge and it is only a question of a year or two when it will have a new channel considerably further to the west. Had it not been for the towpath its current never would have been against the city with either the force or the continuity required to gangway and sweep away the greater portion of "the Point."

Which makes it clear that the best plan in constructing the bridge now just finishing would have been to extend it clear across the bottom, the open spans giving the Scioto liberty to wander whither and whence it would. Certainly this would have been expensive, but not a great deal more than the present scheme, and in the long run it might have even proved the most economical.

After all 1915 isn't turning out so bad. It will see the almost entire paving of the city, the laying of Gallia pike and the addition of several miles of permanent road, together with the final beginning of a viaduct over the net work or rails in the East End, with last, but by no means least, the opening of Portsmouth's first traction line.

The Ohio State Journal man has written so much about the war in Europe being the cause of all this rain that he has actually begun to believe it himself and his utterances along this line now have the ring of true and deadly earnestness.

The Marion Star says macadam roads can be crowned up and resurfaced for \$25 a mile. So they can, Senator, so they can, and also resurfaced for nothing, but please remember road work is mighty close to politics and somebody has got to pay the bill and attachments.

At this distance it would appear Columbus is cultivating an unusual adaptation to water, whether she likes it any better is a matter of open doubt.

Men and brethren the progress of the Peerless is irresistible, it overcomes all things. Why, look at that concrete walk going down along the Heinisch property at Galila and Gay. And may be, when this startling improvement is completed the second busiest corner in the city may no longer be an agricultural implement depot.

Sam Small, Georgia Prohibitionist, says Americans drank enough liquor last year to build two hundred battleships. True enough, Samuel, but supposing all had ridden on the water wagon, would we have had the ships and besides, tell us what you did with what you didn't burn up in liquid damnation?

The Parkersburg Sentinel attains to deep philosophy when it advises one not to complain about his taxes since all he has to do is to pay them. But it is right there the rub comes with so many of us.

It may afford the real estate fellows' expectations to figure on options and hotels, but it will be safer to count on a new hotel when you see material on the ground and not just an agent and an option and a promoter in consultation.

What's the answer? How near are Mr. Lowther and Mr. Strong getting together in fact, result or good will towards each other, in their newspaper dispute?

A Georgia jury has been unable to find any one responsible for the death of Frank. May he Frank shot himself to death and then went and strung himself to a tree. Anyway, a Georgia jury never disappoints expectation.

Possibly, interest in base ball might be revived if the rules were so adapted as to allow one of the bush league teams to win a game "on the road". Nothing kills so soon and deadly as monotony.

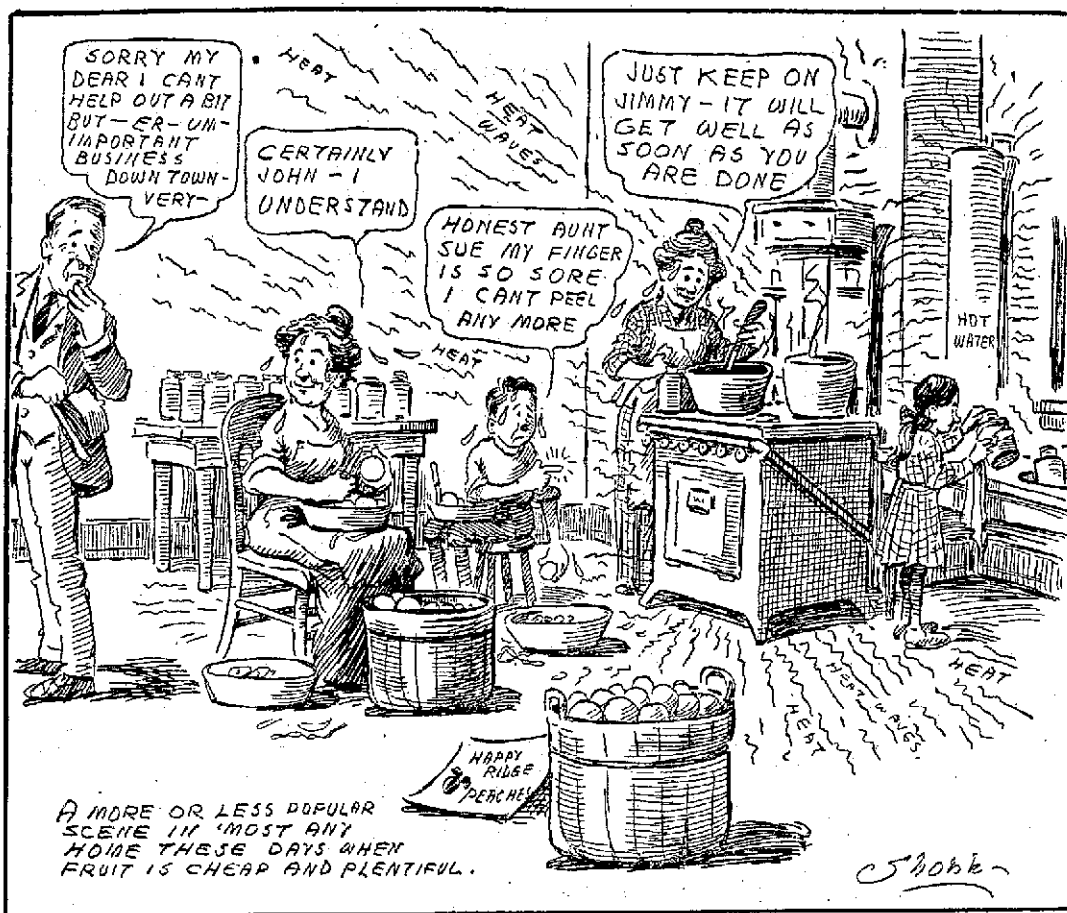

By the way, has thought been given to the trying position Minister Gerard finds himself in at Berlin. The fact that neither complaint nor criticism is made of him shows how acceptably he is discharging his delicate duties.

Some thought Renick Dunlap would resign his \$1,000 job as agricultural board secretary when not permitted to run the state fair. That only shows they do not know Renick, that's all.

If the good young Governor does not quit avowing every day that he is opposed to the liquor referendum we will begin to have our suspicions.

Postoffice receipts indicate things are becoming "real heart."

HANDLING THE FRUIT CROP.

The anti-saloon league is going to line 'em up in blocks of ten for the assault on Demon Rum. Let's see wasn't it a man named Dudley who became famous once in a presidential campaign by a letter regarding his plan to line 'em up in Indiana in blocks of five?

And now comes Brother Leonard, of the Bricklayers' Union, and shies a brick at that yellow dog friend of Harry Strong's boyhood days. We have a suspicion from the tone of Mr. Leonard's contribution that there is a possibility of strained relations existing between himself and Mr. Strong. Of course this is only a suspicion.

Panama's are asserting Americans are unfair. The only fault about the claim is its belatedness.

It will not hurt to give a thought as to who is putting up the considerable sum of money necessary to promote "the National Safety Association."

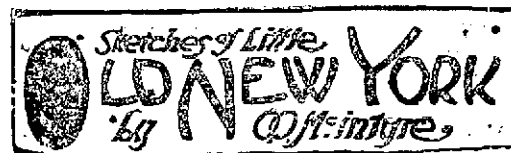

We reckon we sometimes talk like the road contractors had a struggle hold on the weather, but they've been getting theirs from it worse than the rest of us.

Wheat still holds at better than a dollar a bushel, and the highest crop the world ever raised being marketed.

Is Missouri to lose her place as the show-me land? She trots along with her quota of flood news, but there is nothing in them but just water.

The dries, it is said, will import no foreign orators to harangue the multitude. Now if the wets will follow this same glorious example all will be well so far.

So far the corn in the bottom is safe and a mere glance at it will show it is some corn, too.

New York, August 27.—Some causes for retirement given up of New York's quiet, sedate school marm, it seems, have been dallying with the seductive cocktail, and during the time on when they should have been teaching the young idea to shoot. The news came out as the result of the bankruptcy of the Teachers' Pension Fund.

One teacher who was getting a pension for "nervous insufficiency" admitted that she went to the corner drug store during school hours and drank a cocktail and also carried a flask to school with her when she felt like it.

While no other specific cases were mentioned in a report made public there were a number of

The new mayor of Chinatown, the Honorable Yee Wong Ying of Canton, was inducted under a pile of imported vegetables and some tea chests at No. 15 Mott street and into office at 2 p. m. on Wednesday. The mayor was extended the freedom of the city as far as Chatham Square by a city detective.

Mayor Yee was elected on the Six Companies' ticket. He is a reformer, fifty-six years old, and once served as mayor of Chinatown in San Francisco. He doesn't care what city he mayors in. After his time in New York he might be elected in Boston or Chicago.

As mayor the Honorable Yee Wong Ying will settle such disputes between the residents of the district as do not compel the use of a club.

Chinatown has for some time been undergoing a change of pace. The foul-smelling, underground "hop joints" have been cleaned up. The occupants have been routed by close police watching and most of the fiends have gone to Jersey City. Many Chinamen are said to have given up opium smoking for the cocaine habit which is jumping from the frying pan into the fire.

Charles R. Towns in his recent book "Habits that Handicap", which has created a stir, says: "Outside the opium group, there is at present only one drug that must be considered as habit forming and that is cocaine. The prohibition of this drug from its proper uses is absolutely inexecutable."

"Unscrupulous chemists and physicians have unloaded upon the world a drug which is beneficial when taken medicinally, but one that has reaped a harvest of irresponsible victims, in which murder, all forms of crime and mental degeneracy have figured conspicuously and all for financial gains."

A Ripping Suit. George Ade, Chicago's famous slang specialist, said the other day, according to the Herald of that city: "English slang is very popular now that the war is on. You must be careful, however, how you use it. At a swimming race at the shore last week a very pretty girl swimmer wore a mail-lot—or man's suit, you know—a tight mail-lot of black jersey cloth. Well, she looked so nice in that rig, I couldn't refrain from complimenting her. 'I like your bathing suit,' I said. 'It's ripping.' But the girl blushed as red as a rose. 'Oh! Where?' she asked, in horrified tones."

MAKE THE ROADS BETTER
BY JESSE TAYLOR
Editor of "Better Roads and Streets"

The new road law known as the "Cass Bill" will take effect Monday, September 6, 1915, and in it will be found many new and helpful provisions.

EIGHT WAYS TO PAY FOR ROADS.

The board of county commissioners shall at the time the improvement is granted, whether upon a petition or by a unanimous vote of the board without a petition, determine by resolution, the method of paying the compensation, damages, cost and expenses thereof, and such compensation, damages, cost and expenses shall be paid in the manner specified in the petition, when the board is acting upon the petition, which shall be in one of the following methods, to-wit:

1. Not less than thirty-five per cent nor more than fifty per cent thereof, shall be paid out of the proceeds of any levy or levies for road purposes upon the grand duplicate of all the taxable property in the county or out of any funds available therefor. Not less than twenty-five per cent nor more than forty per cent thereof shall be paid out of the proceeds of any levy or levies for road purposes upon the grand duplicate of the county to be levied upon the taxable property of any township or townships in which said improvement may be in whole or part situated, and the balance thereof which shall not be less than twenty per cent nor more than thirty-five per cent shall be assessed upon and collected from the owners of real estate abutting upon said improvement, or within one mile of either side thereof according to benefits accruing to such real estate as may be determined upon by said commissioners, or

2. That a portion of the cost and expenses thereof which shall not be less than one-half, nor more than two-thirds of the total, shall be paid out of the proceeds of any levy, or levies for road purposes upon the grand duplicate of the county against the taxable property of any township or townships in which such road may be in whole or part situated, and the balance of said costs and expenses shall be assessed upon and collected from the owners of real estate within one mile of either side of said improvement in proportion to the benefits accruing to such real estate as determined by the said commissioners, or

3. The county commissioners may assess all or such part of the costs and expenses, as they deem equitable, on the real estate abutting upon said improvement, according to the benefits thereon, and the balance thereof, if any, shall be paid by the county and the township or townships in which such road may be in whole or in part situated in such proportions as may be agreed upon between the county commissioners and trustees of such township or townships, or

4. The county commissioners may assess against the real estate within one mile of said improvement in proportion to the benefits thereon, such part of the costs and expenses thereof as they may determine, and the balance shall be paid out of the county treasury from any funds available therefor, or

5. The county commissioners may assess the total cost and expenses of said improvement against the lands located within one mile of either side of said improvement, according to the benefits resulting thereon, or

6. The county commissioners may assess the total cost and expenses of said improvement against the lots and lands located within two miles of either side of said improvement, according to the benefits resulting thereon, or

7. A portion of the costs and expenses thereof, which shall not exceed one-half, shall be paid out of the proceeds of any levy or levies for road purposes upon the grand duplicate of the county, and the balance of the costs and expenses of said improvement, shall be assessed upon and collected from the owners of real estate situated within one-half mile of either side of said improvement, in proportion to the benefits accruing to such real estate as determined by said commissioners, while the remainder of the cost and expenses shall be paid out of the proceeds of any levy or levies for road purposes upon the grand duplicate of the county.

8. The county commissioners may assess the total cost and expenses of the improvement against the owners of real estate located within one mile or two miles, as the petitioners may request, from either side or terminus of said improvement, according to the benefits resulting to such real estate; or they may assess not to exceed one-half of the cost and expenses of such improvement upon the owners of real estate situated within one-half mile of either side or terminus of said improvement, in proportion to the benefits accruing to such real estate as determined by said commissioners, while the remainder of the cost and expenses shall be paid out of the proceeds of any levy or levies for road purposes upon the grand duplicate of the county.

Asking Grace. One evening the young minister, who had seemed rather attracted by "Big Sister" Grace, was dining with the family. "Little Sister" was talking rapidly when the visitor was about to ask the blessing. Turning to the child he said in a tone of mild reproach: "Laura, I am come to ask grace." "Well, it's about time," answered "Little Sister" in an equally reproving tone. "We've been expecting you to do it for a year, and she has, too."

NEW YORK STOCKS

New York, Aug. 27.—Heavy dealings in coppers constituted the chief features of today's early trading. Interest converged around Tennessee Copper which closed yesterday at 65, a net gain of 1 1/2 points. Today's first sale was 100 shares at 58 1/2, followed by 1300 at 55 to 57, and later transactions carrying it up to 60 1/2 then back to 59 1/2. Utah opened at 68 1/2 to 69 3/4, a maximum gain of 1 1/2. Other prominent issues in the metal group included Butte-Superior, and American Smelting. United States Steel opened at a moderate advance but soon receded. Among the distinctive war issues gains of one to three points were made by Westinghouse, American Can, American Car and New York Air Brake.

Tennessee later lost another fraction at 58 1/2 on heavy sales by a prominent specialist. Its decline was ascribed to disappointment at the failure of the directors to declare an extra dividend. Other coppers added to early gains. National Lead rose 3/4 to 65 1/2. The further gain in these issues followed another material

CHICAGO GRAIN AND PROVISIONS

Chicago, Aug. 27.—Severe bear conditions served to give wheat a tumble today. The market opened at 3 1/2 to 1 3/4 lower with September at 86 1/2 to 89 and December at 97 1/4 to 1 1/2. Improved weather was one of the chief influences for lower prices. Though it was cool in the northwest and there was frost in some sections of that belt, the trade discounted reports of damage that caused the excited market of yesterday. Liverpool was easier on better conditions at Winnipeg and this had some weight in this market. The market for a time held within the opening range.

Corn followed wheat, improved weather conditions being the dominant factor in making an easier market. The opening was unchanged to 3/4 lower with September at 74 1/2 to 74 and December at 63 1/2 to 64 1/2. The market seemed disposed to hold steady at these figures.

Oats were attractive by the general bearish atmosphere in the grain pits, but held fairly steady after an opening 1/8 to 3/8 1/2 down.

Provisions were fairly active, steadying around opening quotations, which were unchanged to ten cents higher.

The wheat market lacking support began to droop and eased 5/8 about 2 cents from the best prices of the early part of the session. The close was weak, 2 3/4 to 2 1/2 lower.

Effectuated by the weakness of wheat, corn showed a declining tendency in the final two hours. The market closed weak, 1 and 1 1/4 to 1 1/2 lower with Sept. 73 1/2 and Dec. 63 1/4 @ 74.

Crescent Optical Co. Turns Raw Material Into Finished Lenses

The Crescent Optical Company is the name of a new firm which has launched into the wholesale and retail optical business in this city. It is the first establishment of its kind ever opened here and gives promise of proving a decided success. Headquarters are located in connection with the Crescent Jewelry Company on Gallia street in the Bannon block and the two businesses will be conducted there in the future.

With the installation of the highest grade automatic machinery the firm is enabled to grind and manufacture eyeglasses and spectacle lenses from the rough blank to the finished lens. It is really a new acquisition to the already broad line of "Made in Portsmouth" products.

Expensive and modern machinery has been installed by this firm. Perfect accuracy is guaranteed in the production of the glass from the rough material. A graduate optician has been placed in charge of the manufacture of the glasses from the first eye examination through the manufacture and adjustment of the glasses to the perfect fit and satisfaction of the lenses.

Prompt and accurate service is assured. The firm does not have to send away to have one iota of work done. They carry every piece of material in stock and with the machinery are able to mould it into shape for immediate and satisfactory use.

The highest standard optical glass is used in the process. The firm is in position to fill all lens prescriptions and replace broken lenses. Inspection of the machinery and process is cordially invited.

Eight Missionaries Leave For Athens

New York, Aug. 27.—Eight missionaries of the American Board of Commissioners for Foreign Missions, sailed today on the Greek steamship Themistocles for Athens. Rev. Leroy P. Ostrander, president of the collegiate theological institute of Bulgaria and Mrs. Ostrander, are on their way to Samokov. Mr. and Mrs. J. Riggs Brewster are to be located for the present at Salonika, Greece. Dr. and Mrs. Mark Hopkins Ward, who go as missionaries of the Broadway tabernacle, are designated to Aintab, Turkey, but since the Turkish government now refuses to admit foreigners, to the interior of the country, they are proceeding to Cairo, Egypt, where they will study the Turkish language.

Miss Mary L. Matthews, after a furlough is returning to her post as principal of the girls school at Monastir. Miss Edith Douglas is going back to Samokov to resume her work in the Mission Girls' school.

The work in the Balkans is reported as progressing without hindrance.

KENTUCKY WOMAN TO GET A HEARING SOON

Jackson, Ky., Aug. 27.—The hearing of the case of Mrs. Mamie Hamilton, who claims to be a daughter-in-law of former Governor H. C. Hamilton of Illinois, charged in an indictment found by the Breathitt county grand jury yesterday with having poisoned Mrs. Polly Davis, a wealthy widow of this county, was set for next Monday. Mrs. Davis died recently under peculiar circumstances and is alleged to have told Mrs. Hamilton who was closely associated with her at the time, that her property was not to be appropriated by relatives, but that she was making her will, leaving her property to charity.

Mrs. Hamilton, besides being indicted on the charge of murder, also is indicted on a charge of having forged Mrs. Davis' name to a will which purported to leave the dead woman's property to her. Mrs. Hamilton's present home is at Fayetteville, Ark., where she lived with her mother, Mrs. M. J. Coleman. Mrs. Hamilton is

Dear Miss Wise.—I am a girl of 18 and have been married 11 months to a man of 28, and he comes home from his work at 5 o'clock and is cross and quarrelsome. He tells me I have been gone from home all day when I have not and if anybody tells him a story on me he will believe it and I can't convince him that I have not done so. He doesn't allow me to go to visit any of my friends and he also declares that I have boy friends when I do not. I stay at home all the time and do my own house work and he quarrels if my relatives visit me and stay a while, and still he says he loves me. Please advise me what to do. Thanking you in advance.

A WORRIED WIFE.
I cannot account for his actions unless he is jealous of you, and one might as well talk to the wind as to a jealous man or woman. Still I'd be tempted to give him a piece of my mind some evening when he comes home cross and sulky. You are very foolish to sit in the house all day just to please him. If you do your work and have his meals on time he should worry about where you go. Also visit your relatives and have them visit you whenever it is convenient. It's too late now to preach any serious about a thorough knowledge of each other's faults before marriage, but perhaps your experience may keep some other girl from taking the same step.

Dear Miss Wise.—I am going to ask you a few questions which I hope you will answer. Do you think that with a common school education I could learn to be a nurse? Whom can I get my

TIMES SERVICE PATTERN 1381-1391

Waist 1381.
Skirt 1391.
A popular summer dress. Comprising ladies' shirt waist 1381 and ladies' skirt 1391. Suspender skirts are much in vogue, and with a neat and becoming waist are practical and nice for outing or business wear. As here portrayed, the waist was used for the skirt, with crepe de chine for the waist. Voile, serge, linen, taffeta or gingham are also nice for the skirt, and any of the pretty shirtings could be used for the waist. The skirt has the hip gores cut in deep points and lengthened by plaited sections. Plaits at the side fronts and back add graceful fullness and width. The bodice sections to which the suspenders are joined are a new style feature. The waist is made with a convertible collar, and a flare cuff on the wrist-length sleeve. The sleeve in show length has a jaunty turn-back cuff. The waist fronts are full and joined to a yoke that extends over the back. The closing is in simple coat style. The waist pattern is

cut in 6 sizes: 34, 36, 38, 40, 42 and 44 inches bust measure. It will require 2½ yards of 44-inch material for a 36-inch size. The skirt is cut in 6 sizes: 22, 24, 26, 28, 30 and 32 inches bust measure. It requires for a 24-inch size, 4½ yards of 44-inch material. It measures 3½ yards at the foot. This illustration calls for TWO separate patterns which will be mailed to any address on receipt of 10c FOR EACH pattern in silver or stamps.

Orders for patterns are forwarded to New York to be filled, hence it requires several days for the pattern to reach the purchaser. Patterns can not be ordered by telephone. Do not use postage stamps for larger denomination than two cents.

CAUTION—Order adult patterns by number of pattern, giving bust measure for waist patterns, and waist measure for skirt patterns. For Misses and Children give number of pattern and age only.

COUPON

This pattern will be sent on receipt of 10 cents. Make number, name, address, etc., plain. Send to Pattern Department Portsmouth Daily Times, Portsmouth, Ohio.

LIDDIE AND BETZ.

A girl should never be called an old maid. I dare say there is not a girl in existence who couldn't get married if she wanted to. A man is usually called a bachelor after he passes 35. A marriage license must be procured in the county in which the bride lives. If you are in the habit of going around with the boy it would be all right to ask him to go to church with you, but don't use that as an excuse to "catch a beat."

Dear Miss Wise.—My hair is sort of light, but it seems to be turning red. What shall I do? I would not have red hair for anything. Does powder hurt the hair and would you advise using peroxide on it. I heard that peroxide makes it red.

BLOODY.

Let nature take its course with your hair. Anything that you would use would give it an artificial look. Peroxide does redden the hair in time. Powder causes dandruff.

Dear Dolly.—Who would I apply to for work in a Rescue Home? A FRIEND.
Would advise you to consult Mrs. Lila M. Johnson, local rescue worker, at 1926 Sixth street, phone 1643.

Dear Miss Wise.—Will you please tell me if it is proper for the best man to stand the expenses for the wedding supper? Will you suggest a simple wedding supper. What do the bridesmaids do?

BRIDE-TO-BE.

The family of the bride furnishes the wedding supper. A very simple wedding supper might consist of chicken salad and sandwiches or wafers, olives, celery and salted almonds, an ice, and cake. The bridesmaids' duties are not very heavy and consist mostly in forming an attractive background for the bride.

Dear Dolly.—My eyelashes are coming out gradually and I fear in time I won't have any. Would you try putting vaseline on them every night? They claim this makes them dark, heavy and long. Does it?

A READER.

I'm vaseline on my eyelashes. It helps to make them long and heavy.

Dear Dolly.—Do you know of any one in Portsmouth that is in the Mail Order business? Do you think it is a good proposition to make money? I mean of the Mail Order business. A READER.
I know it's a good business in which to get stung and lose money, other than that I do not know anything about it.

Rich, Dark Hair With Sage Tea

Your gray, faded hair will come back quickly to its natural rich, dark color if you use Sulpho-Sage Tea. SOCIETY

A large party of young people, of the Irving Drew type, went out to the Y. W. C. A. garden party at the Herms Floral Garden last evening in the Irving Drew tent, and enjoyed the splendid supper served on the lawn.

The jolly party included the following: Misses Lucile and Edna Strickland, Bertha Clausen, Fannie Cole, Tillie Bryant, Pearl Stanley, Lois Waldo, Iva Henry, Grace Fisher, Eleanor Montavon, Ruth Stout, Mrs. Walter Clausen, Messrs. Melzar Chick, Charles Lawwill, Drew Leddon, Albert Weghorst, John Magnat, Floyd Sanson, P. Lloyd, R. K. Krieger, of Pittsburgh, Pa.

Mrs. G. W. Martin and two daughters, Bernice and Tillie, were guests Thursday of Mrs. W. F. Bradford, on Rosemount Road.

The Tronton Trontonian Friday, said:

"Miss Irene Edwards, of Portsmouth, made a business trip to the city yesterday."

"Rev. Patterson spent Thursday afternoon in Portsmouth."

Mrs. Hamor returned to her home in Portsmouth, Thursday, after a brief visit with her mother, Mrs. Julia Hamor, of Advance, Ky., and sister, Mrs. Norman, of this city.

"Mrs. John Chandler, of Portsmouth, is visiting her parents, Mr. and Mrs. Lewis Hoffman, of Mill street, this week."

"Miss Lela Dougherty, of Portsmouth, is the guest of Miss Mildred Deak, of Third street."

"Thomas Collett spent Wednesday with Portsmouth friends."

Misses Hattie Frick and Elizabeth Tipton will leave within a week for an extended trip, through the West to visit the exhibitions at San Diego and San Francisco, Yellow Stone Park and other places of interest.

Mrs. W. C. Ferguson and little son, "Billie," left at noon today for Charleston, W. Va., to visit her sister, Mrs. John Caldwell, before she moves to Fort Pierce, Florida, the middle of September. Mr. and Mrs. Caldwell are moving to Florida for the benefit of Mr. Caldwell's health. Mr. Ferguson will join his wife and son in Charleston, Labor Day and Mr. Ferguson and son will go from there to Kimberly, W. Va., to visit relatives.

Mrs. F. L. Manning and children have returned from a visit with relatives in Romeville, Va.

Mrs. F. C. Goodwin and Mrs. George Krieger will be chaperone a party of young people on a motor trip to Columbus tomorrow in the Hitchcock machine. In the party will be Miss Sadie Krieger and Miss Jess Lee Muller, of Henderson, Ky., guest of Mrs. Goodwin. Mr. Ben Hitchcock and Mr. John Wood, of Georgetown.

Mr. and Mrs. Harley Marconnet and Mr. and Mrs. C. T. Davis will spend Sunday with Mrs. Marconnet's brother and sister-in-law, Mr. and Mrs. William Evans.

Misses Teresa Kennedy and Gertrude Schmidt arrived home today at noon after a ten weeks' trip through the West, visiting the two exhibitions at San Diego and San Francisco. In Los Angeles they had rooms in The Dodge apartment house, managed by Mrs. Ada Padan, a former Portsmouth woman. They visited Mrs. Beatrice Nave in San Diego, and their entire trip was one of extreme pleasure.

Miss Lela Reeman, of Cleveland, who has been visiting at the home of Mr. and Mrs. Harley C. Moore, left yesterday for Lincoln, Neb., to spend several weeks with her father before going to her home.

Mrs. Ruth Fowler, of 515 Sixth street, was operated upon yesterday by Doctors Test and Smith, who removed a tumor above the eye.

The Y. W. C. A. garden party held last evening at the Herms Floral Garden, on the Chillicothe pike, was a grand success. The weather was favorable for the occasion and large crowds of people enjoyed the supper and various amusements of the evening. Miss Edna Strickland was chairman of the committee to arrange for the party. From three until nine o'clock there were pony rides, Punch and Judy shows in charge of Miss Katherine Moeller and Miss Helen Dawson. The ponies were loaned by Mrs. W. O. Feurt and Mrs. J. D. Bridges. Misses Gertrude Davidson and Edna Marting were in charge of the Lady of the Lake. Miss Alice Blake was the lady with the apron full of pockets. In each pocket were articles which sold at 5 cents each, and she had no trouble in selling the parcels in the pockets. Each of the articles for the supper were 5 cents, and the supper was a splendid one. There were several parties entertained there at supper. A beautiful concert was given on the Edison Disc phonograph in the parlors of the Herms home, through the kindness of Mr. Hutchison, of the Hutchison Music Company. The success of the entertainment is attributed to the beauty of the Herms place, which attracted many people. One hundred dollars was the amount cleared on the entertainment.

The Afternoon Sewing Club, which was entertained yesterday afternoon at the home of Miss Austin Doyle, will meet next at the home of Mrs. Edward Russell.

The household goods of Rev. and Mrs. T. H. McAfee were shipped to Marion yesterday, and the family will leave next Tuesday for their new home.

The All Saints' Woman's Auxiliary held the regular monthly meeting yesterday afternoon at the home of Mrs. S. J. Johnson, on Third street, where there were fifteen present. Miss Margaret Firminstone gave the scripture reading. Miss Anna Ross gave a missionary reading telling about the handsome hospital being built at Tokio, Japan. Arrangements were made for an outing at the Bryan farm, on the West Side, September tenth, when Mrs. W. C. Ferguson and Mrs. J. D. Bridges will make arrangements for the conveyances to take the members to the farm. Mrs. George Thomas and Mrs. Harry Donnelly are the committee for the lunch. The next regular meeting will be held at the home of Mrs. McElhoney in Kentucky. Mrs. Johnson served delicious refreshments.

The members of Mrs. M. W. Brown's class enjoyed an outing at Millbrook park today.

Mr. P. Warsaw left this morning on a business trip to Huntington, W. Va., and Lexington, Ky.

Miss Kathryn Deaterla, of Roanoke, Va., is the guest of her parents, Mr. and Mrs. Frank Deaterla, of Offshore street. She also spent a few days with her sister, Miss Sophia Deaterla, a student nurse at Mt. Carmel hospital in Columbus. Miss Kathryn has a splendid stenographic position in the offices of the Norfolk & Western at Roanoke.

Mr. and Mrs. John Ferguson and little daughter, who have been making their home with Rev. and Mrs. McAfee, parents of Mrs. Ferguson, have moved to 1130 Fourth street, where they have taken rooms with Mrs. Ross.

The Trinity Methodist King's Sons and Daughters will meet this evening at the home of Mr. and Mrs. Gilbert Monroe, on Offshore street.

First Fall Fashions IN Fascinating Variety!

How delightful the New Things seem, when they first appear! What a pleasure to possess and wear them before they become common. Portsmouthers are always eager to be first and The Liberty Clothing Company is earliest to meet their desire.

The new Suits show charming styles, rich and pleasing fabrics, handsome and even sumptuous linings; and there are probably a score of distinctly new styles to select from Saturday.

For trimmings on collar, cuffs and around the bottom of the skirt enrich many handsome models. What a charming change they offer to women and girls right now when new things are such a delight!

We have word from our buyers, advising us of the immediate shipment of other novel collections of earliest Fall Fashions to be shown in the Coats, Dresses, Waists and Millinery Sections. This early, there will be no full stock anywhere, of course, but the models will be most alluring for their newness and freshness, most exclusive designs with the Liberty Clothing Co. that will give distinction and gratification to their early possessors.

Tribute Paid Mrs. James Patterson By Her Friend Mrs. Edgar F. Draper

Mrs. Edgar F. Draper, one of the city's most talented women has paid the following beautiful tribute to Mrs. James Patterson, who with her family started Thursday evening for her new home in Miami, Florida:

Goodbye—and Godspeed!

"Thou' a mist of falling tears,"

Flowers for our dear ones while

living, has always been my motto

—and thus it is, that, (figuratively speaking), I am bringing to my beloved friend, Mrs. James Patterson, a few choice blossoms: Carnations they shall be for not only is their symbol "pure and true love," but we all think, as did Shakespeare when (in one of the most enchanting scenes he ever wrote,) he made sweet Perdita say—"the fairest flowers of the season, are our carnations. I am doing this through the medium of our ever-kind home journals, because I want others to know how rich the heritage which an unbroken friendship of twenty-five years has brought to me. Truly it has charmed endlessly a sweet-sounding refrain, which through all life's changes abides, like the soft murmur in the sea-shell! I am confident also, that many a fervent "Amen" will be said to this simple heartfelt tribute to Mrs. Patterson, not a eulogy at all, but a glad recitation of gifts, and graces worthy of imitations,—her strength of character, her passion for being kind, tender nature, fine artistic temperament, and fidelity to her convictions, and to her friends. Amen!

the Swiss poet, speaks of a "heart which yearns to live in human beings." The dear friend who at the midnight hour of Thursday, 26th, closed the doors of her hospitable, and always charming home on Second street,—and is now speeding away to her new home in the far-off Southland,—has a heart of that kind, and many "human beings" in Portsmouth, have been more than glad to give it "house-room." Not strange, that a legion of friends keenly regret the departure of one, of whom it can be truly said,—

"Wherever her footsteps fell

Came kindness,—with its smile of grace,—and all was well."

The cares of life often pressed heavily upon Mrs. Patterson, yet she always found time to touch the souls about her, and fill them with enthusiasm and love. A capable woman,—in every sense of the word, with methodical, systematic ways, and with unflinching faith! She has ever been keenly alive to the many charms of the sweet young girls in which Portsmouth abounds, as well as to those of the lovely maidens from abroad who have frequently been her guests. The winning smile, the finely modulated voice, the attractive manner never escaped her discriminating admiration, but above all, each mental, or moral beauty and grace; she delighted to impart to them the fine art of needlework, (in which she is truly an artist, and exquisitely wrought pieces of her hand's work are treasured in many of

our homes), and above all urged upon them unswerving loyalty to the best,—the beautiful,—the true. Among the young men who have in later years found "all the comforts of home" beneath her roof, Mrs. Patterson leaves many devoted friends. Ever thoughtful of their interests, sympathetic, and attentive in sickness, her kind ministrations have made an impression upon their lone bachelor days that will never be forgotten. Our friend possesses the rare and beautiful gift of appreciation, yes—and of giving voice to her appreciation. She has been deeply touched during these last days in Portsmouth by the many tokens of love and interest she has received. Daily gifts of rare and beautiful roses have made her home a bower of beauty, and not one petal will be lost, but all carefully preserved, and fashioned into a sweet-smelling pillow for her new home. Endowed with the graces of true womanhood, dispensing generous and frequent hospitality, yet thoroughly devoted to the welfare of the nearest and dearest, Mrs. Patterson's home life has been ideal and yet she has known severe discipline. Early in her married life, the death angel claimed a beautiful, and almost idolized daughter. Those of us who were with her at that crucial period, can never forget the sweet, calm expression of her face,—the reflection of a soul consciously stayed upon an unchanging God. And what a veritable "tower of strength" she has been to her dear husband, who

for so many years has been burdened with anxious care, because well-nigh overcome with physical weakness,—while her fond hope of bringing him relief,—surcease from care, new and inspiring surroundings, and a health-restoring climate, has made necessary at last the severing of the many strong ties which bind them to Portsmouth. We congratulate Miami and the frequenters of lovely Boyd Cottage upon the choice spirit that will henceforth preside over its affairs. Surely "they builded better than they knew" when this widely known hostess was entrusted to the pains-taking, conscientious keeping of Mrs. Patterson. May the great "Dixie Highway" which will have its terminus at Miami, bring to her doors the rich, appreciative, patronage she deserves.

Right thankful are we, that nearly three decades ago our genial friend came from the far-away Pacific to Portsmouth,—tarrying so long, and left behind her, as she journeyed to her new home by the Atlantic, a host of devoted friends and precious memories! And so, dear "Pattie" goodbye, and Godspeed! The eyes are full of tears, but the heart is full of gratitude for the many years of your inspiring friendship!

May God bless, and keep you and yours, making the months and years in the new home replete with joy,—strength,—and beauty. MARY E. DRAPER.

'PROMISE AMERICA SATISFACTION'

(Continued From Page One)

while the subject is under further discussion. The crisis between the two countries is now regarded as having passed into the realm of diplomacy.

The German ambassador frankly stated after his interview with Mr. Lansing that his instructions embodied the declaration by the Berlin government that it would give full satisfaction to the American government that he declared, meant more than a disavowal. Of course, he said, the giving of satisfaction depended upon the circumstances of the attack on the Arabic. The German government did not know yet, he said, whether the Arabic was sunk by a German submarine and without warning, but, if investigation proves that to have been the case, Germany will make full reparation.

The ambassador said negotiations over the Arabic would be followed by negotiations over the Lusitania.

Count Von Bernstorff said he did not see the message sent to the state department by Ambassa-

sador Gerard. It is known, however, that Ambassador Gerard's dispatch agrees with Count Bernstorff's advice that submarine commanders have been instructed to attack no more peaceful merchant ships without warning.

The American government, nevertheless, will press for a clearing up of the entire submarine controversy, before it will consider the Arabic and Lusitania incidents closed. Unofficial word has been conveyed to administration officials that Count Von Bernstorff believes the position of the German government will be determined by the imperial chancellor and the foreign minister, rather than by the ministry of marine and that stringent efforts will be made to see that submarine commanders follow their instructions.

President Wilson did not hold the usual Friday cabinet meeting today because the negotiations with Germany were still too incomplete. He plans to remain in Washington, however, until the controversy is finally cleared up.

In his talks with Ambassador Van Bernstorff, Secretary Lansing has taken nothing for granted and has asked for clear explanations of all statements regarding the intentions of the German government.

As soon as the German government receives its report on the sinking of the Arabic the American government expects a note setting forth the intentions of the future.

How to Keep a Secret.

There's only one way to keep a secret—that is to hang onto it yourself.

REVENUE RECEIPTS GREATEST IN HISTORY

Washington, Aug. 27.—The greatest total of internal revenue receipts in the history of the government, with income tax from individuals, nevertheless, \$12,000,000, 100 people in the United States with incomes of \$1,000,000 or more, when it was enacted, were more, there were only 41 having such incomes.

Of the \$11,000,000 income tax from individuals, the normal tax produced \$16,000,000 while the larger incomes the returns showed. From incomes between \$20,000 and \$50,000, revenue \$2,496,405; \$50,000-\$75,000, revenue \$2,009,634; \$75,000-\$100,000, revenue \$2,009,634; \$100,000-\$250,000, revenue \$5,943,798; \$250,000-\$500,000, revenue \$3,225,423; \$500,000-\$1,000,000, revenue \$6,439,004. The accepted offers in comparison only ten months. The receipts approximate the estimates made last year by the internal revenue bureau, which figured the 1915 revenue at \$11,000,000, each of the states, tax, in Congress, when the law, Pennsylvania was next with \$4,724,139 corporation and \$1,642,004 individual; Illinois, third, \$3,225,423; Massachusetts, fourth, \$2,984,527; and New York, fifth, \$2,984,527.

At the capital it was explained today that the world-wide de-

reached the \$2,000,000 mark in either individual or corporation revenue.

Under the emergency revenue law enacted last October, the treasury collected \$52,069,726. This included \$30,494,475 from documentary statements, \$18,713,680 from the additional tax of fifty cents a barrel on fermented liquors, and \$4,967,179 from special taxes for bankers, brokers and others, with \$792,000 from theatres, concert halls and circuses.

A new item of revenue, under an anti-mercantile law, was \$248,406 from manufacturers, importers or distributors of opium.

The ordinary internal revenue collections exclusive of those from the emergency revenue law of last year, as compared with the previous fiscal year, show these decreases in receipts: Distilled spirits \$16,924,163; tobacco \$2,515,882; fermented liquors \$6,106,216, a net decrease of more than \$25,000,000.

Another Indicted For Eastland Disaster

Chicago, Aug. 27.—Walter K. Greenbaum, manager of the Indiana Transportation company was indicted by the county jury today charged with manslaughter in connection with the Eastland disaster. His company leased the steamer for the excursion which was blocked by the capsizing of the Eastland in the Chicago river with the loss of nearly 1000 lives. The indictment charges that the boat was unseaworthy and overloaded.

WAR IN COLUMBUS BROUGHT TO END

Columbus, Aug. 27.—Whether or not war's grip is being lessened on the old world may still be a question but that peace has gained a new victory in this part of the western hemisphere became an established fact today with the announcement that the four years "war" between the state agent department and the Columbus health board was at an end. A. P. Sandles, secretary of agriculture, and Dr. Louis Kahn, health officer for Columbus, could not agree on rules for sanitation at the fair grounds and the feud got into the local courts where it figured for a long time at various intervals.

James W. Fleming, who has been placed in charge of the state fair this year, got in touch with Dr. Kahn and the two went over the fair grounds together today and thrashed out all past differences that had existed between the state body and the municipal officials. The result was a complete cessation of "hostilities" and promise that the fair which opens next week will be inaugurated under conditions of complete accord between the state and municipal officials.

NEW BANK LAW IN EFFECT TODAY

Columbus, Aug. 27.—The new law strengthening the control of the state superintendent of banks over financial organizations goes into effect today. Although there is no radical change over the previous laws relating to the powers of the banking department, supervision is now given to the department over any person, partnership or association engaging in the business of receiving deposits, in addition to the usual control of banks.

More stringent methods of liquidation of defunct banks is provided for in the new law, which was the result of investigations made by the last legislature into the affairs of the banking department.

JAPAN IS EAGER TO HELP RUSSIA

Tokio, Japan, Aug. 27.—The decision of the government to utilize all available means for increasing the production of war munitions for the allies, particularly Russia, has aroused the greatest enthusiasm. Army officers of high rank are arranging the details with manufacturers preparatory to enlarging arsenals and factories. It is understood that France and England have guaranteed payment for these supplies.

FRANCE TO SEND TWO MEN HERE

Paris, Aug. 27.—Octave Homberg, of the foreign office, and Ernest Mallet, regent of the Bank of France, have been designated by the financial minister, Alexandre Ribot, as the French delegates who are to join British representatives in New York early next month to consider the best means of obtaining French and British credit balances in the United States, to stabilize the excessive rates. M. Ribot gave them their instructions today, and they are to depart for the United States on Monday.

Both the French delegates are eminent bankers. M. Homberg is a director of the Banque de l'Union Parisienne and the Banque Franco-Serbe. M. Mallet, in addition to his relation to the Bank of France, is a director of various banks and insurance companies.

U. S. LEADING EXPORTS WORLD

Washington, Aug. 27.—The United States for the first time in its history, now leads the world as an exporter.

Figures made public today by the bureau of foreign and domestic commerce show that American exports in the fiscal year ended June 30, last, totaled \$2,705,900,000, compared with \$2,170,100,000 for the United Kingdom, the next largest exporter. This was an increase of 17 per cent in the case of the United States, when compared with last year and advance of thirty percent for the United Kingdom.

American exports included domestic products valued at \$2,715,200,000, against \$2,597,700,000 in 1914; and foreign products \$2,000,000 against \$34,000,000 in the preceding year. British exports included British and Irish products, \$1,744,100,000 against \$2,557,200,000 in 1914; and foreign and colonial products \$126,000,000 compared with \$526,500,000 in 1914.

Census of American Birds. A recent national bird census gives about twelve hundred birds to the square mile, or nearly two to an acre. About one-tenth of all the birds were English sparrows.

Prepares Title For Prohibition Proposed

Columbus, Aug. 27.—At the request of the wets and drys Secretary of State Hildebrand has prepared the title for the constitutional proposal for state-wide prohibition as it will appear on the official ballot at the November election. This is how it will read: "Prohibition of the sale and manufacture for sale of intoxicating liquor as a beverage." It is understood that this option is acceptable to both sides.

The Ohio Temperance Union, denied room on the State Fair grounds for the reason that its title is misleading, will ask the fair board to reconsider its action against the Union in a hearing to be held on the fair grounds at 9 o'clock tomorrow morning. Harry R. Probasco, of Cincinnati, chief representative of the union will appear as its spokesman. He contends that the union which is fighting the proposed state-wide prohibition amendment is as much entitled to space on the grounds as the W. C. T. U. which has been granted quarters there and is supporting the amendment.

WILSON SENDS THANKS TO GOVERNORS' MEET

Boston, Aug. 27.—A message from President Wilson in reply to the telegram sent him Tuesday was read when the governors' conference reassembled today. Addressing Governor Walsh, the president said: "I deeply appreciate and am greatly heartened by the generous resolutions of confidence and support passed by the governors' conference and beg to convey to them my heartfelt thanks and my cordial best wishes for a successful and profitable conference. I wish that I could bring the greeting in person."

The speech yesterday of Cole L. Blease, former governor of South Carolina, in defense of the "lynch law," provoked further dissent during the morning discussions. Governor Walsh said he objected to the statement of Blease, that "when mobs are no longer possible, liberty will be dead."

"In my judgment," said the Massachusetts executive, "there can be no liberty without obedience to law."

Governor Stuart of Virginia said that his was a conservative state and that his people stood first, last and all the time for a rigid enforcement of the law.

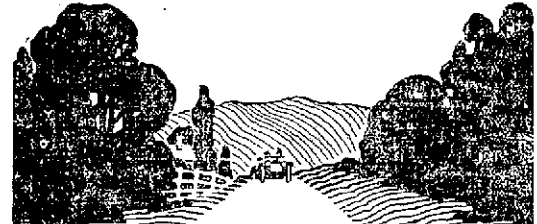

FRENCH AVIATORS ATTACK GERMANS

Paris, Aug. 27.—French aviators continue their activities against certain positions in possession of the Germans in eastern portions of the French line, according to announcement made today by the French war office. German aviators also are taking offensive measures in this territory.

French airmen have bombarded two railroad stations in the Argonne, in German possession, and German aviators have thrown down explosives on Clermont-Ferrand. A French aviator last night bombarded at Dornach a plant where the Germans manufacture asphyxiating gas.

This morning a French squadron of airplanes bombarded the railroad station at Muelheim, in the Grand Duchy of Baden. All of the French flyers returned unharmed.

When Winks Failed, Woman Says Dentist Took Her By The Arm; Assailant Is Fined

Dr. A. Y. Munson, a local dentist, was convicted in police court Friday morning of malicious assault upon Mrs. Archie Moore, of Olmsted street Thursday evening, and fined \$10 and cost by Mayor Frick. He paid the fine out of the \$25 bond which had been deposited at police station Thursday evening after his arrest.

Mrs. Moore testified that she and her husband were returning home from the Arena theatre about eight o'clock, when they were approached by Dr. Munson near the corner of Sixth and Chillicothe streets. Her husband had left her for a few minutes to make a purchase in a cigar store near by. Dr. Munson, she testified, made improper advances to her, continually winking, whistling and motioning for her to come to him. When she refused to pay attention to him she says he came up and grabbed her by the arm and tried to force her to go with him.

Later after her husband had joined her she said Dr. Munson followed her, and again took her

by the arm, turning her completely around. Complaint was then made to Officers Branham and Mithuff, who arrested the doctor a short time later. The officers claim he was intoxicated.

The latter part of her testimony was corroborated by her husband and by James Dismore, who claimed to be an eye-witness.

Dr. Munson was vociferous in his denial of guilt, and frequently had to be restrained by the mayor for his boisterous language. The mayor also subjected him to a severe lecture, and warned him that the police officers would be instructed to arrest him any time he conducted himself as he did Thursday evening.

Hot Weather Bad for Women's Nerves

SEASON WHEN THEY MOST NEED THEIR STRENGTH TO WITHSTAND THE HEAT

Hot weather has a decidedly weakening effect on most women. They become too languid to exercise, and as a result have appetite only for light, tasty foods, like salads and other cold concoctions, which do not digest readily and increase the natural tendency to constipation.

At this season women should maintain the highest possible standard of health, to counteract the enervating effect of the weather. Good digestion and regularity of the bowels are essential. The combination of simple laxative herbs with pepsin, sold in drug stores under the name of Dr. Caldwell's Syrup Pepsin, is highly recommended as a laxative and digestant by many physicians, as well as by thousands of women who depend upon it as a remedy for many of those ills to which women seem more especially susceptible.

Ned Wynn, a railroad employee, was fined \$10 and costs by Mayor Frick Friday morning for disorderly conduct in York Place, Thursday afternoon. He was arrested by Special Officer Frank Judd, who testified that the young man had been deporting himself improperly in the presence of little girls playing in the park.

It was disclosed in the evidence that Wynn had tried to enlist the services of Muriel Silver, an eight-

Caldwell's Syrup Pepsin from your druggist and have it in the house. Take a dose of it tonight and by morning your constipation, indigestion and sick headache, will vanish. It is far preferable to cathartics, purgatives, and salts, because it does not gripe or shock the system but acts gently, in an easy, natural manner, expelling the congestion of waste and restoring normal activity of the organs.

IT WAS "TAG DAY" AND TEST DID THE TAGGING

Student Twirler Blanks Maysville; Team Home Today

Maysville, Ky., August 27.

ELL, "Tag Day" proved a Jonah to "Our Boys" and they went down in defeat to the Portsmouth Cobblers by a score of 6 to 0. Well they copped three out of four anyway and it took Test, the High School wonder, to turn the trick and under different circumstances that gent would have had a hard time of it. The locals could only land out four safeties while Winchell gave the visitors a big lead in the first. He walked two men and hit one and all three scored, giving the Cobs enough to win the game and he was taken out at the end of the first and French went on the mound.

In the first Dillhoefer walked, Dilts sacrificed, Sharman hit by pitched ball, Johnson walked, Canton singled and Dillhoefer and Sharman scored, Canton out when he passed Johnson on the bases, McHenry slammed one through third and Johnson scored, McHenry out going to second.

In the third the visitors put across two more. Dillhoefer singled, Dilts out French to Henderson, Sharman doubled and Dillhoefer scored, Johnson doubled and Sharman scored, Canton out Emerson and Sharman scored, Canton out Emerson to McHenry fouled out to Tinnin.

The Cobs put their final tally across in the sixth. Canton slammed out one to Tinnin who juggled it, McHenry fouled out to Emerson, Spencer fouled out to Henderson, Doherty safe on error and Canton scored and Test fanned.

TRAVERS, OUMET AND EVANS APPEAR TO HAVE NATIONAL GOLF TOURNAMENT AMONG SELVES; OTHER CONTESTANTS SEEM WEAK

Oumet (top left), Chic Evans and Travers (right).

The golfer who climbs the watch tower and scans the horizon to find some figure that lifts itself above the common crowd of aspirants for the national amateur title in the championship at Detroit, August 28 to September 4, will be compelled to come sadly down and admit that he sees nothing new, only the same old three faces: the amateur triumvirate, Jerome D. Travers, the open champion; Francis Oumet, the amateur champion, and Chic Evans, the western champion. It is not expected that the title will pass outside the trio.

COLTS ARE TROUNCED

Frankfort, Aug. 27.—The locals took the final game of the series from Lexington here Thursday by a score of 10 to 2. Elliott and Hanna were both hit hard while Kuykendall pitched a good game. The score:

Lexington 0 1 1 0 0 0 0 0 2 7 2
Frankfort 10 0 0 7 2 0 0 1 10 13 4

Batteries: Elliott, Hanna and Blackwell; Kuykendall and Mueller.

SPORT SALAD

The Braves' new park will seat 42,000 fans, but not in middle October if Port Maitland prevent it.

The map of Europe is like the National League percentage table. It changes every day.

Herzog seems to be building up a strong pitching staff in Italy. Schmidt, on Dile and Toney are three fairly good hurlers and this will excite the Yankees, which his long arms as if he could pitch considerably.

The Red Sox have bought Frank Gilbreath, the speedy outfielder who was with the Yankees. He has been with Buffalo since turned loose by Frank Chance.

The more Merkle plays, the outfield the more widespread is the belief that he is the making of one of the best outfielders the game has produced.

And Don't Get It. None but the bald deserve the hair.

"PICKED BEFORE RIPE"

Manager Herzog of the Reds has sent back to Ohio Pitcher McCluskey, labeled "Picked Before Ripe." He is convinced that the young southpaw needs a year or two more in the minors. McCluskey isn't surprised at Herzog's view of it, for he was quite surprised when told that he had been called. He thought someone was "joshing," but the fact was that a Red scout reported him as a future wonder.

PRETTY SOFT FOR RUBE

New York, August 27.—Manager John McGraw of the New York Nationals was quoted today as saying that he would not give Marquard an unconditional release and that if he wanted to continue to draw his \$8,000 salary he must report to the Toronto club. The situation affecting Marquard seems to be deadlocked.

TO HONOR McLELLAN AND RORER

(Lexington Herald) Harrison County contingent up to witness the game. Rorer, the Cynthiana pitcher working for the Colts, will do mound duty, while McLeellan, the premier shortstop of the league, will of course, be in the game.

NAILERS GET PITCHER

Pat Camppe, former pitcher for the Huntington team in the old Mountain State league, has been signed by the Ironton road team as a pitcher and hurler. He is first man against the Senators yesterday, losing it on errors by a 6 to 2 score, although he held the Senators to six hits while the Nailers garnered a total of nine safe swats.

SHELTON IS YANKEE

Kemper Shelton, who has been out of time in the American Association for five seasons, was purchased yesterday by the Yankees and played for his new club against the Indians in the afternoon.

Shelton, who winters at Huntington, W. Va., is a lawyer, and when his baseball days are over he plans to hang out his shingle.

BOOST FOR DEVEREAUX

Devereaux earned and received frequent applause from the fans yesterday because of his great fielding game. The home boy is fast, works hard, saves after everything in sight and is a regular life-saver when a base loss or throw is made to him. Not a player in the team has approved more than the first baseman and true hardy to keep the team on the right side of the percentage column.

Optimistic Thought. Time brings the truth to light.

Won Big Race

Prince R., owned by Edward Tippet of Chillicothe won a \$1,000 race at Greenville, O., Thursday. Tippet was formerly interested in the Chillicothe hall club and is well known here.

May Join Old Taylors

Lexington, Aug. 27.—It was reported last night that the Frankfort Old Taylors had offered the once struggling Colt outfielder, Charley Ellis, of old Blue Grass League fame, a place on their roster for the remainder of the season. Ellis is now a free agent and is expected to sign with Tifford Jones to fill the place in right field made vacant by the injury to Ansonnier, who hurt his foot at the hotel here.

Crowd Was Very Small

Lexington Herald. Boosters' Day for Lexington does not appear to be shared by other clubs in the Ohio state, but the management last night expressed gratitude to those who contributed to the meagre success of the day.

THE KROOCIAL SERIES

(Charleston Gazette). The Senators' roughest part of their road to the top begins today because the Maysville club are going better than any club in the league. If the locals can break even or win three of the games they will be right back in first place to stay.

Poor Old Spiders

Cleveland Leader. From now on the Spiders will be sure-killers anywhere. And Jack Knicker will be leading a motley association for far by the time the season ends, as it's already been determined to call in Calisher Billings for another try-out with the Indians. Pitcher Nick Carter, is expected to be transferred to the American League club.

Catarrh a Blood Disease S.S.S. Drives It From Your System

Because Catarrh affects the nose and throat, causing sores in the nostrils, stoppage of air-passages and gathering in the throat, it has been common practice to treat Catarrh by lotions, washes and sprays applied to these parts. This mode of treatment is entirely wrong. It cannot give permanent relief, and it is liable to irritate and aggravate the trouble. Catarrh cannot be trifled with. If allowed to run on it will disease the bronchial tubes, settle on the lungs, the stomach—indeed it is a very serious disease. Don't treat it locally. The fact that it causes headaches is proof that it is caused by impure and diseased blood. The one treatment that has proved effective in the treatment of Catarrh is S. S. S., at your druggist's. If you need special advice write the S. S. S. Co., At treatment of Catarrh is S. S. S., Ianta, Ga.

Marquard Refuses To Join Toronto

New York, Aug. 27.—Rube Marquard, it is understood that every major league club waived on the rule, owing to his high salary. The Giants and Pirates (Herbert) in exchange. Marquard set a record in 1912 when he won nineteen straight games. Last year he defeated Pittsburgh in a 21-inning game.

Ridgley Is Senator

Huntington, Aug. 27.—Carl Ridgley, who has been one of the shining lights in the Herald-Dispatch league and has kept the Juniors at the top of the heap, left yesterday morning in Don Barringer's auto for Charleston, where he will play shortstop for the Senators in the Ohio State League.

Schang Is New Giant

New York, Aug. 27.—Catcher Schang of the Pirates was sold to the Senators today. The deal was put through by Managers Clarke and McGraw.

Hobby Will Be Captain

A bit of news that will be of interest to local fans is that Dick Hobbitt is going to captain Frank Baumgart's All-Star team on the western trip.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nasals and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hawking, snuffling, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Saline. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. If damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first traces of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

WILL PETER MAC BE THE SENSATION OF THE SEASON?

The horse world is looking forward with interest to the career on the grand circuit this summer of Peter Mac, 2:06 1/4, the green trotter owned by Captain David Shaw of Cleveland. Peter Mac probably will start at Syracuse, and is likely to be one of the sensations of the season. Captain Shaw, who is eighty-two years old and a well known figure among horse-men, bred and trained Peter Mac, but never raced him.

Peter Mac.

IRONTON JEWELRY STORE ROBBED; ONE THIEF CA

Thrilling Revolver Battle Is Fought

A robbery with sensational details attached to it was staged in Ironton near the midnight hour last night when the jewelry store of Clay Henry, a former well known local jeweler, was entered, which was followed by an exchange of shots between one of the robbers and Officer Deering of Ironton. The robber, who opened fire on Officer Deering, escaped but Harry Le Clare one of the alleged robbers was captured. Relative to the robbery, which was one of the boldest executed in Ironton in a long time the Ironton Irontonian of Friday morning said:

"At a few minutes after midnight last night while Patrolmen Deering and Baldwin were making their nightly rounds through the alley back of the Clay Henry jewelry store, on Center street, they were halted by a cry of 'hands up' that came out of the semi-darkness near a rear window of the jewelry store and before either could comply an automatic pistol barked out five times, disturbing the stillness of the night and creating quite a great deal of excitement. Officer Deering promptly drew his revolver and returned the fire and the man behind the automatic ceased firing. A search of the building then revealed Harry Le Clare who claims his home is in New York. He was locked up by Captain Smith and will face a burglary charge."

"However Le Clare was not the man who did the shooting as he was, according to his own admission, inside the jewelry store handing out the valuables to a confederate, an older man and one more skilled at the business of robbery, safe cracking, etc. and did not know that his confederate who, he said, was known in Cincinnati, Louisville and Toledo, as Charlie Jamison, had a revolver until the automatic began to bark. He then ducked back into the darkness of the building where he remained until discovered by Officer Taylor."

"Search was continued for Jamison but until an early hour this morning nothing had resulted that indicated his whereabouts. It is

AFRICAN DESERT WAR TOLD BY U.S. WOMAN

Dr. Carlotta J. Maury.

Dr. Carlotta J. Maury, an American woman doctor, has just arrived in San Francisco from South Africa, where she witnessed the struggle which finally resulted in the complete defeat of the Germans. Dr. Maury is the first eye witness of the war in South Africa to reach this country.

SAYS WESTERN WOMEN SPEND MOST MONEY ON CLOTHES AND GET LEAST IN RETURN

Miss Anna G. Larkin.

Miss Anna G. Larkin of New York, noted style designer and called the "best dressed woman in America," declared in San Francisco a few days ago that western women spend more money on clothes and get less in return than any other women in the world. "On an average, two New York women could dress on what one woman in the west spends, and they would be better dressed," she declared.

HAY FEVER VICTIMS SHOULD TRY THIS SIMPLE TREATMENT

Hundreds of people in this locality have tested NOSTRIOLA BALM for Hay Fever, Rose Cold, Nasal Catarrh, Croup, Sore Throat and kindred affections, and all speak highly of the treatment.

NOSTRIOLA quickly reaches the sore, inflamed linings of the air passages, soothes and strengthens them and thus an attack of Hay Fever with those dreadful spells of sneezing, wheezing and weeping, is easily avoided.

Ask your druggist about NOSTRIOLA and get a small tube if you want a pleasant surprise.

ELECTION LAWS FOR THE COUNTY

So many inquiries have reached The Times concerning the nomination for township and municipal offices, and the nomination of members of the board of education in Portsmouth, that the sections governing the same are printed in full below. Any other interpretation of the laws must necessarily be incorrect.

Section 4996. Nominations of candidates for any elective office in any township or in any municipality which at the last preceding federal census had a population of less than two thousand, may be made by petitions, signed in the aggregate for each candidate by not less than twenty-five qualified electors of each township or village.

Section 4997. Nominations of candidates for the office of member of the board of education shall be made by nominating papers signed in the aggregate for each candidate by not less

than twenty-five qualified electors of the school district, of either sex, in village districts, and in the city school districts by not less than two per cent of the electors voting at the next preceding general school election in such city school districts.

Section 5004. For township or municipal officers, justices of the peace, or members of the board of education, petitions must be filed with the board of deputy state supervisors of the county, not less than sixty days previous to the date of the election.

Little more than a week is left the candidates in the village and rural districts to have their petitions filed, and they should proceed at once under the sections quoted above.

Troop 8 Boy Scouts Enjoys Camp Life At Carter Caves

Carter Caves, Ky., August 26, 1915. (By "Freddie")

Troop 8 is now camping at the celebrated Carter Caves, having a camping site which is one of the most ideal that could possibly be found. The management at the Caves has provided many conveniences this year for campers such as a complete camp kitchen, tables, etc. In the rear is a small cove which can be used for sleeping, going away with the use of tents. A rainy summer has made good bathing facilities, the camp being close to Tygart and on Cove Branch.

Our group of tired hikers left Carter City at 1:30 p. m. Tuesday after laying in a big store of provisions. We covered the four miles in exactly one hour, arriving at the Caves at 2:30. The entire afternoon was spent in getting camp in shape. The boys had a fine night's rest as the night was just cool enough for good sleeping. Today was spent in visiting two caves, the Laurel and Bat Caves. As we have described these in your paper in former years it is needless to repeat. It was a rare educational treat for our boys, who say the Bat Cave is the greatest work of nature they ever beheld.

The boys were happy to learn at noon today that they would be served with "real" hot biscuits, a luxury in camp. Tomorrow's program will be featured with a big watermelon feast and we can see many months watering already.

NOTES

Comedians Doll and Davis were the attraction around the council fire last night. These boys will undoubtedly be sought some day

by Al G. Fields (1).

Scouts Mauly, Knost and Evans were the guests of Proprietor Vickers at the Inn last night. They are being dubbed the lucky boys as they seem to grab everything good passing.

"Freddie" Devoss has declared war on reveille. Frenchy says that's one thing he can't bear—when mess call is sounded.

Scout Knowles after being unanimously elected leader of the "Dirty Five" refused this great honor. It is rumored that Frank Davis is the best bet at present.

Shall All Goats Be Given A Bath? Billy Is Worried

Connellsville, Pa.—It has been decided that goats kept within the city limits here must be bathed at least once a week.

Dear Billy:
Don't you think that Portsmouth should follow this example?
I am heartily in favor of it.
Suppose you see our Hon. Mayor about it.

Yours truly,

J. H. LANGE.

The above letter and newspaper clipping was sent to me by John H. Lange, chief examiner of Ohio banks, and just what he's got agin' me and the goat tribe I can't just figure out. But John is travelin' around over the state a heap here of late and it's just possible that he has bumped violently into a goat somewhere or else a goat somewhere has bumped violently into him and he has hit upon this way o' takin' his spite out on the whole race.

I can't speak for the other goats—possibly some of 'em need a bath and I'm willin' to admit that the goat race ain't no more perfect in that respect than the human race—but I do wish to call John's attention to the fact that here is one goat that has a most particular likin' for water. For proof just glance over my weather record for the summer o' 1915—rain almost every day and what d'ye reckon I'd want with all that water if it wasn't to take a bath?

But again like some o' the human race I'm willin' to undertake the 'upliftin' o' my weaker brethren and at the first opportunity will take up the matter with the mayor as suggested.

FOR ONCE "SNAKE EXPERTS" AGREE

What does a copperhead snake do when it has little ones and realizes that they are in danger?

Why she just swallows them that's all.

This was proven Thursday to the eminent satisfaction of John Coyle and several other

persons. Mr. Coyle found a copperhead on the upper side of the old waterworks plant on Mill street and proceeded to dispatch it with a club. When the snake was out open five little ones, alive and kicking, were found by Mr. Coyle and they were also killed.

A discussion of the affair

by members of the Hammer Club this morning brought out the information that copperhead snakes always swallow their little ones when they are in danger.

The snake "experts" of this organization for once agree on one thing.

Partition Suit Has Been Filed

Harry H. Mittenfiorf, of South Webster, guardian of Everett Kuhnner and Russell Kuhnner, minors, and

heirs of the late Fred Kuhnner, through his attorneys, Milner, Miller and Seal, filed Friday suit for a partition of the estate, Ella Kuhnner, their mother, and Harry Kuhnner, their brother, are named as defendants.

The estate consists of Lot 74 in the village of South Webster. The plaintiff represents that each of his wards and the defendant, Harry Kuhnner, are entitled to one-third interest, subject to the dower interest of their mother, Ella Kuhnner.

GOVERNORS DISCUSS NATIONAL DEFENSE

Boston, Aug. 27.—Military preparedness and national defense and conservation of natural resources were the subjects under consideration at the concluding meeting of the governors' conference today. It was expected that discussion on preparedness would continue beyond the formal sessions of the conference and be taken up at a clam bake at Pemberton tonight.

The forenoon meeting was given over to the consideration of conservation with former Governor John A. Dix, of New York and Governors George A. Carlson, of Colorado and Ernest Lister, of Washington as the announced speakers.

Hay Fever Relief

If you are subjected to hay fever and could quickly afford relief to your misery without taking an expensive vacation in climates more suited, would you continue to suffer rather than try a simple 50-cent remedy? Thousands have found relief in using Pretzinger's Catarrh Balm at this season, and many well-known medical men endorse its virtues for the hay fever victim. If you try it and do not get relief you do not lose a cent, for it is guaranteed to please anyone who suffers. Sold by all well-stocked druggists. A liberal sample mailed for a 2-cent stamp. WAR IS DECLARED IN CITIZENS' CAMP

Plattsburgh, N. Y., Aug. 27.—A commander of the first brigade at work of war practice upon which the regiment of business and professional men at the camp of instruction embarked today constitutes a part of an elaborate theatrical war with a European power. According to the plan, this power recalled its ambassador on August 16 and the United States government ordered the concentration of the greater part of the regular army and one brigade of the New York militia at Albany. Troops of other coast states were ordered to the defense of harbor forts, while border states were directed to assemble their troops along the frontier to be reinforced by detachments of regular cavalry and field artillery and by the militia of central states. War was theoretically declared by the European power yesterday and the

Judge Dill granted a temporary order restraining Vulgamore from disposing of his property or encumbering it, pending the hearing.

SEVEN GERMANS ARRESTED ON BOAT

Barcelona, Aug. 27.—(Via Paris).—Seven Germans were arrested last night on board the steamer Regia Helena at the request of the French consul as they were about to sail for Italy. It is alleged that the prisoners had false passports and intended to try to reach Germany through Italy. One was a former member of the crew of the famous German cruiser Emden, who escaped from the British and reached Lisbon.

True Secret of Keeping Youthful Looking

(The Beauty Seeker.)
"The real secret of keeping young-looking and beautiful," says a well-known physician, "is to keep the liver and bowels normally active. Without these organs, poisonous waste products accumulate in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes sallow, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face.
To eat liver and bowels working as they ought, without producing evil after-effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble fruit apple, or its root, which has been called "vegetable calomel," because it is not to be classed with the real calomel of mercurial origin. It is a non-habit-forming constituent in "vegetable calomel"—that's the name—and it is not followed by weakness or dizziness. On the contrary, these harmless, vegetable tablets tend to impart vigor and elasticity to the body, cleanse the wall. Sallow tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

Chief Cause of Pimples, Blisters, Sallow Skin

(Messenger of Health.)
Unpleasant eruptions, pimples, boils, blotches, sallow or muddy skin, usually are due to a sluggish liver and constipated bowels—and a polluted blood stream as a consequence. How foolish in such cases to resort to outward applications, which can never have natural, permanent results. If more people only knew it, there is a very simple remedy, to be found in any drug store, which is as effective as it is harmless and quick acting. It is an old remedy, long recognized by the medical profession, which has been put in tablet form, and at such small cost one need never be deprived of its wonderful benefits.
Sallow tablets—that's the name—are entirely vegetable and there is no habit-forming ingredient. You need only get about a dime's worth, and swallow one at bedtime to realize there's nothing else quite so good for the purpose. The action in the morning is easy, and instead of a weakening after-effect, you feel truly refreshed and invigorated. Sallow tablets are not only the finest remedy known for constipation and tired liver, but offer the safest, most reliable treatment for complexion difficulties of the character mentioned."

Great Demand for New Constipation Remedy

They say that the advent of the "sallow tablet" as a vegetable substitute for calomel has resulted in an extraordinary demand for this remarkable product. It seems to have made a hit, particularly with those afflicted with chronic constipation, who were quick to recognize its advantages over calomel and its usual laxatives.
Sallow tablets, aside from their efficacy, doubtless owe their success largely to a tendency to aid in bringing about natural functioning—instead of encouraging the "artificial habit." Also, instead of disturbing the membranous lining of the organs involved, they exert a healing influence. Instead of weakening, they add tone to the intestinal wall. And they work so easily and gently, they are of course preferred on this account to the violently acting purgatives. Their laxative action is another reason for their popularity of sallow tablets. One need procure only a dime's worth, and take one tablet upon retiring. In be convinced that the ideal remedy for constipation, tired liver, and their many evil consequences, has finally been found.—Druggists Review.

Rev. McAfee's Last Sermons Sunday; Farewell Reception

On next Sunday Rev. T. H. McAfee, pastor of the First Baptist church, will preach his farewell sermon to his congregation, and plans are under way to have every member of the congregation present, as well as a large number of visitors, and to make the day a red letter in the history of the church.
As a token of the esteem in which they are held, a public reception will be tendered Rev. McAfee and his family at the church Monday evening, and it is expected that their friends from all over the city will participate.
Rev. McAfee, who leaves Tuesday morning with his family for his new charge at Marion, has been one of the most popular ministers ever in the city, and there is much genuine regret over his departure. The farewell reception will be made a fitting testimonial to his efficient work while here, and all friends are invited to drop in during the evening.
Rev. Wm. Fettingall, of Wilmington, Del., the editor of "Serving and Waiting," will come to the First Baptist church next Wednesday and will lead the prayer meeting that evening and teach the Union Bible class. He will also remain over the following Sunday and fill the pulpit of the church, morning and evening.

Idlewild Addition Proves Attractive To Investors

Scores of sight-seers and prospective purchasers visited the Idlewild Addition to New Boston Thursday afternoon, taking advantage of the special excursion that was run on the street car line by the owners, Messrs. L. C. Turley and Alan N. Jordan.
All of them spent an enjoyable afternoon viewing this beautiful new addition, which embodies every feature of a modern suburban addition. A corps of salesmen were on hand to answer all questions and explain about the payments.
The addition comprises seven blocks in length and three in width, with wide streets, all paved cement sidewalks, large and attractive lawns, and rows of shade trees. Three hundred and thirty-two building lots are in addition. The entire tract has been raised, over 15,000 feet, of dirt having been used from the adjoining hillside for this purpose.
Water, gas and sewer pipes have been laid, affording the residents every accommodation and convenience enjoyed in the city. All telephone and telegraph poles will be placed in the alleys, and the streets will be kept free from anything that would detract from their appearance.
Many lots have already been sold, several having been sold Thursday afternoon, although no effort was made to make sales. On hand to show the visitors around were the two owners, L. C. Turley and Alan N. Jordan, and the following corps of salesmen: Lewis Lowry, John Jordan, Ralph Thomas, Merle Danduit, Charles Bierley, P. W. Kitchy and Roy Murray.

AUTO TURNS TURTLE

The Ironton Irontonian Friday said:
"Enroute home from the county fair at Proctorville last evening in their Ford automobile, Wesley Eicher and wife and son Harold and daughter Ruth, had an almost miraculous escape from death when their machine turned over, near Lick Creek on the new state road above Coal Grove. The machine turned over, breaking Mrs. Eicher's right arm, inflicting a bad cut on the head of the boy and painfully injuring Mr. Eicher. The machine left the road, Mr. Eicher claims, dropping over an embankment. It then righted itself and pulled the steep grade to the road.
"The J. H. Lucas machine arrived on the scene a short time after the accident occurred and brought Mrs. Eicher and son to the Keller hospital, in this city."

Deal Is Closed

Friday's Ironton Irontonian said: "A deal whereby F. R. Peyton, formerly of this city, now of Delhi, near Cincinnati, and E. J. Labor Leader It Unstinted

Business men, professional men, artisans and innumerable women, whose judgment guides them in all acts and conclusions, are testifying to the merits of the "Master Medicine," Tanlac. Here is what Charles Peetz, well-known labor leader, who lives at 101 West Market street, Louisville, has to say about the premier preparation.
"I was in a half-sick condition for a long time. Was all run down, nervous and couldn't eat much. My stomach was out of order and my digestion was bad. I often had headache and was generally depressed in spirits. Tanlac seemed to suit my case exactly. After using the medicine for about ten days my appetite and digestion are much better and I relish whatever I eat. I now sleep sounder and feel stronger. I want to say that no one can make a mistake by trying Tanlac."
In commenting on Mr. Peetz's statement, the Tanlac man who is personally introducing the famous preparation in Portsmouth, said:
"A tired, dragging feeling of the body, a sluggish mind, dull memory and depression of spirits; nervousness, weak back, cold feet, headache, poor digestion and unsound sleep are among the numerous symptoms of a condition from which a surprisingly large number of people in cities like Portsmouth suffer. Many are now using Tanlac, and in each case the medicine is accomplishing astonishing results."
Tanlac is now being introduced in Portsmouth at the Fisher & Streich Pharmacy, 6th and Chillicothe streets, exclusive agents for this city, and at Dow's, 6th and Walnut, Cincinnati. adv

State Grange Master Is To Be Present When The County Organizations Meet Sept. 4th

State Grange Master J. L. Taber will be present at Wheelersburg a week from Saturday, Sept. 4, when the quarterly meeting of the Granges of the county will be held, and much important business come up for consideration. The meeting will be held at the Wheelersburg school house, and arrangements are being made for a big attendance. A bountiful dinner will be one of the features. In addition to the address which will be given by Mr. Taber, other talks will be made, and there will be the usual "lecture hour" from one until two o'clock. A program is being arranged by those in charge of the meeting, and a profitable day is promised all who attend. It is probable that at this meeting the participation of the Granges in the Korn Karnival will be further discussed. Last year the parade engineered by the Wheelersburg live wires was really one of the biggest events of the Karnival.

The Movies

Five Reels—Two Good Feature Pictures Columbia Tonight

The Columbia offers an especially attractive program this evening consisting of a three reel and also a two reel feature picture, making five reels in all.

The three reel feature is one of those justly famous "Broadway Star Features" entitled "The Mystery of Mary," and like all of these productions, is first class in every respect.

If you saw a beautiful girl in an afternoon gown running wildly for the month of a railroad tunnel, when a train was likely to come through at any minute, what would you do? Tyrone, respecting the girl's wish that she keep secret the cause of her predicament, simply aids her to reach her destination. He meets the girl afterwards, the mystery is solved, her persecutors punished, then Tyrone and Mary are married.

The other picture this evening is a two reel picture story of the great Northwest and aside from being an intensely interesting drama of lumber camp life, the unusually beautiful scenery in this picture, make it one of much more than usual interest.

You will be pleased with tonight's program at the Columbia.

Pretty Mary Pickford At The Lyric Tonight

Mary Pickford in "Little Pal" has an original and incomparable portrayal. "Little Pal" provides Mary Pickford, the unrivaled favorite of the screen, with one of the most unique roles in which she has ever been presented. The photoplay is one of primitive emotions and primal passions, and

evidences a hitherto unsuspected in this live reel masterpiece. The aspect of Mary Pickford's attending versatility. Unfamiliar with the customs of modernity and remote from all the influences which have fashioned our present civilization. "Little Pal" recognizes no other force than the dominant love which develops within her for the one man who has practiced justice toward her. Through a series of thrilling scenes she proves her loyalty and devotion to him, and when she has at last secured his happiness, requests no other reward from him or fate.

Mary Pickford invests this extraordinary characterization with all the power and charm for which she is universally celebrated.

The first show starts promptly at 6:30. Admission 10 cents.

At The Arcana

"Jane's Declaration of Independence" is a two reel dramatic feature that is being featured at the Arcana theatre tonight. Agnes Vernon and Robert Bentley are taking the principal roles in this celebrated dramatic success. "A Skin Game" is the title of a big Joker comedy that is sure to please. Fritz Burnett is taking the leading role. "For His Brother's Crime" is another drama that is included in tonight's bill. There are four reels of high class pictures all par excellence.

At The Exhibit

At the Exhibit tonight Edwin Thalhouser is presenting Mignon Anderson in a two reel dramatic success entitled "Outcasts of Society." It is a splendid production and can be immensely enjoyed. "Betty's First Sponge Cake" is a two reel comedy with Vera Gerber and Webster Campbell starring. "The Plunderer" is the big Fox production that will appear at the Exhibit tomorrow. William Far-

um is playing the leading role in this live reel masterpiece. The admission will be only ten cents. Shows start at 10:30 in the morning and will continue throughout the afternoon and evening.

At The Majestic

"Joe's Retribution" is a single reel drama that is one of the splendid numbers on the Majestic program tonight. There are plenty of heart throbs in the picture and the interest is held all the way through. "The Delayed Honeymoon" is a ripping comedy drama, full of humorous incidents and many entertaining scenes. Tonight's program is an all around good one so don't fail to see it.

At The Scenic

Tom Moore and Marguerite Courtot, in the Kalem three-act mystery drama, "The Black King," is the big headline on tonight's interesting program at the Scenic. It is a thrilling and gripping heart-interest story that will hold you from the first flash to the very end of this great feature. "The First Piano in Camp," a delightful Biograph comedy-drama, will close the bill. Don't you miss this good show. Tomorrow the Scenic will have another of its great double feature programs, headed by Charlie Chaplin, the world's greatest comedian, in one of his latest two-reel sermons, entitled "Work." See Chaplin as a paper-hanger. He is sure some splash. The second feature is the Edison three-act drama, "Her Proper Place," with Marc MacDermott and Miriam Nesbitt in the leading roles.

Strand Theatre

One of the biggest and strongest photoplays ever produced will be shown at the Strand tonight. "The Cheval Mystery," a striking three reel Victor drama with Harry Myers and Rosemary Theby in the leads. Fourth reel "Ye

BURNED TO DEATH AS AUTO EXPLODES

Cleveland, Aug. 27.—Edward Corrigan, 23, was burned to death early today when an auto in which he was riding with William Passnow, 29, skidded and exploded two miles south of the city. Passnow was thrown clear of the machine but Corrigan was pinned between the seat and the wheel. The gasoline tank burst and the contents exploded. Passnow was stunned and when he recovered sufficiently to know that Corrigan was trapped the flames were raging so furiously that he was unable to save the burning man.

AUSTRO-GERMANS NOW IN RUSSIA

London, Aug. 27.—The Austro-German invaders have not only pressed their opponents into Old Russia on the political borders of ancient Poland, but have penetrated well beyond the district of Russia proper, inhabited by the Poles. This enormous advance has now reached a stage where the troops of Emperor Nicholas are fighting for existence on the soil of White Russia, which for the first time during this war is feeling the effects of invasion.

The main object of the German attack around Brest-Litovsk for a number of days has been the railroad running eastward from the fortress toward Moscow. This line, with a branch running in a southeasterly direction, provided the means for Russian evacuation of the fortress. The Austro-German advance against this railroad had been so slow, it is believed here the evacuation was accomplished the day before the fortress surrendered.

Serbia's reply to the note of the quadruple entente, which has not been made public, although reported to have been delivered, evidently is awaited by the other Balkan states before they take further action. Doubts are now being cast on the accuracy of the report, which was accepted yesterday, that a Tarnobagarian agreement had been signed.

A Very Good Suggestion.

A young Greek Christian association suggests that the man who must drink have his wife buy a supply and retail the stuff to him. It adds: "Should you live ten years and continue to buy booze from her and then die with an aching in your boots, she will have money enough to bury you decently, educate your children, buy a house and lot, marry a decent man and quit thinking about you entirely."

of a plot to assassinate the minister was taken in charge by the police. Letters Kayser is said to have written to German officials could have inflamed partisans for the allies against him.

plant that pumped fresh air into the mine and after numerous tests the powerful electric lights were placed and the work of making the picture proceeded. Even then, however, everything was not serene as frequently in distant parts of the mine there could be heard rumblings and crashings as rotting timbers gave way. A mining expert was retained by the company to pick out safe locations in the "Tip-Top" and under his guidance things went through without an accident although one narrow escape occurred when a cloud-burst in the mountains flooded one part of the mine and a regular tidal wave came sweeping through the gallery where the company was working. All escaped by scrambling up the rough sides of the tunnel; but they had to wade knee-deep through discolored, dirty water to reach the shaft.

"The Plunderer" will appear at the Exhibit tomorrow afternoon and night. Admission will be ten cents to all.

Actual danger faced the players in the William Fox production of "The Plunderer," a screen version of Ray Norton's world-famous book, who headed by William Farnum, the \$100,000 screen star acted the scenes of the thrilling mining story in a real gold mine. In the first place it was obviously impossible to make the screen version in an active mine so an abandoned "Bonanza" had to be found in the form of the "Tip-Top" mine, once a famous "lode" on a "mother lode," but long since abandoned. Mr. Farnum and Director Edgar Lewis descended the shaft of the "Tip-Top" in a rusty ore-bucket on a time-worn rope. But they were not down more than a hundred feet when they abruptly signalled to be drawn to the surface again. When they reached it they were pale and almost overcome from the poisonous gases of the long disused shaft. A week was spent in patching up the power

"The Mystic Jewel" is a strange detective tale, starring Charles West and Signe Anna, in two parts, a Majestic production. The third reel is an old Indian legend graphically screened with "Billie" West in lead. The fourth is a comedy entitled "A Chase By Moonlight."

Admission to adults will be 15 cents and to children 10 cents. First show starts promptly at 6:30.

The world's premier dramatic spectacle, "Damon and Pythias" has been secured by the management of the Pastime theatre in Sciotoville for tonight. This celebrated picture is shown in six parts. The first show will start at 6:30 this evening, so come early as there will be a large crowd. Plenty of seats for all.

From the crucible of violent death the friendship of Damon and Pythias came forth pure gold. This is the story of the greatest friendship in the history of man.

Four hundred years before the dawning of the Christian era, the drama of "Damon and Pythias" was enacted and has lived and grown down through all the ages until it is the foremost theme in the world today upon which universal peace may be founded.

It is this sublime story that is unfolded in the absorbing and soulful photo drama of "Damon and Pythias."

Spectacular, stirring, gripping are its scenes; laid in Greece in the pomp and glory of her great

IRONTON JEWELRY STORE ROBBED; ONE THIEF CAUGHT

Thrilling Revolver Battle Is Fought

A robbery with sensational results attached to it was staged in Ironton near the midnight hour last night when the jewelry store of Clay Henry, a former well known local jeweler, was entered, which was followed by an exchange of shots between one of the robbers and Officer Deering of Ironton. The robber, who opened fire on Officer Deering, escaped but Harry Le Clare one of the alleged robbers was captured. Relative to the robbery, which was one of the boldest executed in Ironton in a long time, the Ironton Irononian of Friday morning said:

"At a few minutes after midnight last night while Patrolmen Deering and Baldwin were making their nightly rounds through the alley back of the Clay Henry jewelry store, on Center street they were halted by a cry of 'hands up' that came out of the semi-darkness near a rear window of the jewelry store and before either could comply an automatic pistol barked out five times, disturbing the stillness of the night and creating quite a great deal of excitement. Officer Deering promptly drew his revolver and returned the fire and the man behind the automatic ceased firing. A search of the building then revealed Harry Le Clare who claims his home is in New York. He was locked up by Captain Smith and will face a burglary charge.

"However Le Clare was not the man who did the shooting as he was, according to his own admission, inside the jewelry store handing out the valuables to a confederate, an older man and one more skilled at the business of robbery, safe cracking, etc. and did not know that his confederate who, he said, was known in Cincinnati, Louisville and Toledo, as Charlie Jamison, had a revolver until the automatic began to bark. He then ducked back into the darkness of the building where he remained until discovered by Officer Taylor.

"Search was continued for Jamison but until an early hour this morning nothing had resulted that indicated his whereabouts. It is

thought that he climbed up the bars on the window in the rear of the Henry store to the second story and then escaped by way of a side hall.

"Practically all that was taken from the store was discovered in the cellar by Officer Taylor, J. L. Schachleiter and others, and returned to Mr. Clay Henry and son, Walter, who had arrived at the store.

"The young man, who admitted that he was in the store, exhibited signs of inexperience, as he made his selections from the lowest priced jewelry in the establishment, and unless he had succeeded in making off with a great supply of that class of jewelry he would hardly have been repaid for his work.

"Jamison evidently was a skilled robber, as well as a desperate criminal, as the point-blank shots at Patrolman Deering would indicate. The officer is to be commended for his nerve, too, for the young man was evidently firing to hit the patrolman, but through it all Deering maintained his nerve and as soon as he could pull his revolver from its holster he returned the fire.

"At the police station Le Clare stated that he had met Jamison in Cincinnati and the two had come to this city, arriving here before noon Thursday. They had looked over the jewelry establishments during the afternoon and last night decided upon the Henry store as the easiest place to make a haul."

SAYS WESTERN WOMEN SPEND MOST MONEY ON CLOTHES AND GET LEAST IN RETURN

Miss Anna G. Larkin.

Miss Anna G. Larkin of New York, noted style designer and called the "best dressed woman in America," declared in San Francisco a few days ago that western women spend more money on clothes and get less in return than any other women in the world. "On an average, two New York women could dress on what one woman in the west spends, and they would be better dressed," she declared.

ELECTION LAWS FOR THE COUNTY

So many inquiries have reached The Times concerning the nomination for township and municipal offices, and the nomination of members of the board of education in Portsmouth, that the sections governing the same are printed in full below. Any other interpretation of the laws must necessarily be incorrect.

Section 4996. Nominations of candidates for any elective office in any township or in any municipality which at the last preceding federal census had a population of less than two thousand, may be made by petitions, signed in the aggregate for each candidate by not less than twenty-five qualified electors of such township or village.

Section 4997. Nominations of candidates for the office of member of the board of education shall be made by nominating papers signed in the aggregate for each candidate by not less than twenty-five qualified electors of either sex, in village districts, and in the city school districts by not less than two per cent of the electors voting at the next preceding general school election in such city school districts.

Section 5004. For township or municipal offices, justices of the peace, or members of the board of education, petitions must be filed with the board of deputy state supervisors of the county, not less than sixty days previous to the date of the election.

Little more than a week is left the candidates in the village and rural districts to have their petitions filed, and they should proceed at once under the sections quoted above.

Troop 8 Boy Scouts Enjoys Camp Life At Carter Caves

Carter Caves, Ky. August 26, 1915. (By "Freshie") (Special to The Times) Troop 8 is now camping at the celebrated Carter Caves, having a camping site which is one of the most ideal that could possibly be found. The management at the Caves has provided many conveniences this year for campers such as a complete camp kitchen, tables, etc. In the rear is a small cave which can be used for sleeping, doing away with the use of tents. A rainy summer has made good bathing facilities, the camp being close to Tygart and on Cove Branch.

Our group of tired hikers left Carter City at 1:30 p. m. Tuesday after laying in a big store of provisions. We covered the four miles in exactly one hour, arriving at the Caves at 2:30. The entire afternoon was spent in getting camp in shape. The boys had a fine night's rest as the night was just cool enough for good sleeping. Today was spent in visiting two caves, the Laurel and Bat Caves. As we have described these in your paper in former years it is needless to repeat. It was a rare educational treat for our boys, who say the Bat Cave is the greatest work of nature they ever beheld.

The boys were happy to learn at noon today that they would be served with "real" hot biscuits, a luxury in camp. Tomorrow's program will be featured with a big watermelon feast and we can see many months watering already.

Comedians Doll and Davis were the attraction around the council fire last night. These boys will undoubtedly he sought some day

by Al G. Fields (?). Scouts Manly, Knost and Evans were the guests of Proprietor Vickers at the Inn last night. They are being dubbed the lucky boys as they seem to grab everything good passing.

"Frenchy" Devoss has declared war on reveille. Frenchy says that's one thing he can't bear—but his hearing is unusually good when mess call is sounded. Scout Knowles after being unanimously elected leader of the "Dirty Five" refused this great honor. It is rumored that Frank Davis is the best bet at present.

"Yen," said the confirmed player, with tears in his eyes, "I do. If he hadn't got up the way I'd have made that hole in one less than bogie." Judge.

Shall All Goats Be Given A Bath? Billy Is Worried

Connellsville, Pa.—It has been decided that goats kept within the city limits here must be bathed at least once a week.

Dear Billy:
Don't you think that Portsmouth should follow this example?
I am heartily in favor of it.
Suppose you see our Hon. Mayor about it.

Yours truly,

J. H. LANGE.

The above letter and newspaper clipping was sent to me by John H. Lange, chief examiner of Ohio banks, and just what he's got agin' me and th' goat tribe I can't just figure out. But John is travelin' around over th' state a heap here of late and it's just possible that he has bumped violently into a goat somewhere or else a goat somewhere has bumped violently into him and he has hit upon this way o' takin' his spite out on th' whole race.

I can't speak for th' other goats—possibly some o' 'em need a bath and I'm willin' to admit that th' goat race ain't no more perfect in that respect than th' human race—but I do wish to call John's attention to th' fact that here is one goat that has a most particular likin' for water. For proof just glance over my weather record for th' summer o' 1915—rain almost every day and what d'ye reckon I'd want with all that water if it wasn't to take a bath?

But again like some o' th' human race I'm willin' to undertake th' "upliftin'" o' my weak-brethren and at th' first opportunity will take up th' matter with th' mayor as suggested.

FOR ONCE "SNAKE EXPERTS" AGREE

What does a copperhead snake do when it has little ones and realizes that they are in danger?

Why she just swallows them that's all.

This was proven Thursday to the eminent satisfaction of John Coyle and several other

persons. Mr. Coyle found a copperhead on the upper side of the old waterworks plant on Mill street and proceeded to dispatch it with a club. When the snake was cut open five little ones, alive and kicking, were found by Mr. Coyle and they were also killed.

A discussion of the affair

by members of the Hammer Club this morning brought out the information that copperhead snakes always swallow their little ones when they are in danger.

The snake "experts" of this organization for once agree on one thing.

MRS. VULGAMORE SEEKS ALIMONY

Attorneys Milner, Miller and Searl, of this city, filed suit for alimony in Pike county common pleas court Thursday on behalf of Mrs. Clara Welfy Vulgamore, wife of William Vulgamore, a wealthy land owner of near Wakefield. She charges habitual drunkenness, addiction to morphine, and extreme cruelty. She also asks for the custody of their five children.

Judge Dill granted a temporary order restraining Vulgamore from disposing of his property or encumbering it, pending the hearing.

SEVEN GERMANS ARRESTED ON BOAT

Barcelona, Aug. 27.—(Via Paris.)—Seven Germans were arrested last night on board the steamer Regina Helena at the request of the French consul as they were about to sail for Italy. It is alleged that the prisoners had false passports and intended to try to reach Germany through Italy. One was a former member of the crew of the famous German cruiser Emden, who escaped from the British and reached Lisbon.

HONOLULU HARBOR TO HAVE COALING PLANT

Honolulu, T. H., Aug. 27.—A contract was closed here today between the Inter-Island Navigation Company and C. W. Hunt, of New York City, for the construction of Honolulu harbor of a coaling plant for vessels to have a capacity of 105,000 tons.

The plant will represent an investment of \$1,000,000. It will be unequalled in size by any plant on the Pacific, with the exception of the coaling plant at Panama.

SAGE AND SULPHUR DARKENS GRAY HAIR

Brush this through faded, lifeless locks and they become dark, glossy, youthful.

Hair that loses its color and lustre, or when it falls, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmothers made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value their hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyneth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. It slides, it takes off dandruff, stops itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyneth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

FINE CUT GLASS

The display of fine cut glass we show you is the best quality made in this country. Cut from solid blanks, by expert workmen there's such a difference between our cut glass and the glass usually sold for cut, that there is no comparison. True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienic, "is to keep the liver and bowels normally active. Without these organs, the system, polluting the blood and lodging in various organs, tissues, joints. One becomes fatigued, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face. The bowels working as they ought, without producing any after-effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is largely in an ingredient derived from the humble may apple, or its root, which has been called vegetable cod-liver oil because of its effectiveness. It is of course it is not to be classed with the real cod-liver oil of medicinal origin. There is no fishy-tasting constituent in 'Santal' tablets—that's the name—and it is not followed by weakness or lassitude. On the contrary, these tablets are vegetable tablets tend to impart tone and elasticity to the relaxed tissues. Santal tablets, which may be procured from any druggist—a dime's worth will do—will cure a liver-troubled, constipated, liver-troubled person."

Chief Cause of Pimples, Blisters, Sallow Skin

(Messenger of Health.)

Unusually eruptions, pimples, blotches, sallow or unattractive skin, usually are due to a sluggish liver, a congested bowel—and a polluted blood stream as consequence. How foolish in such cases to resort to face treatments, which only never have natural, permanent results. If more people only knew it, there is a very simple remedy, to be found in a small tablet, which is as effective as it is harmless and quick acting. It is an old formula, long recognized by the medical profession, which has been put in tablet form, and at such small cost to one need feel deprived of its wonderful benefits. "Santal tablets"—that's the name—are entirely vegetable and the most habit-forming ingredient. You need only get about a dime's worth, and swallow one at bedtime to realize there's nothing else quite so good for the purpose. The action in the morning is so easy, so soothing, and instead of a washing, after you feel truly refreshed and invigorated. Santal tablets are not the finest remedy known for constipation and torpid liver, but offer the safest, most reliable treatment for complexion, and the character mentioned.

Great Demand for New Constipation Remedy

They say that the advent of the "santal" tablet as a vegetable substitute for calomel, has resulted in an extraordinary demand for this remarkable product. It seems to have made a hit particularly with those afflicted with chronic constipation, who were quick to recognize its advantages over calomel and the usual laxatives. Santal tablets, aside from their efficacy, doubtless owe their success largely to a tendency to aid in urinating about natural functioning—instead of encouraging the "cathartic habit." Also, instead of interfering with the menuraceous lining of the organs involved, they exert a healing influence. Instead of weakening, they aid tone to the intestinal wall. They work so easily and gently, they are of course preferred on this account to the violently acting purgatives. Their innoxiousness is another reason for the popularity of santal tablets. One need secure only a dime's worth, and take one tablet upon retiring, to be convinced that the ideal remedy for constipation, torpid liver, and their many evil consequences, has finally been found.—Drug-Gist Review.

Rev. McAfee's Last Sermons Sunday; Farewell Reception

On next Sunday Rev. T. H. McAfee, pastor of the First Baptist church, will preach his farewell sermon to his congregation, and plans are under way to have every member of the congregation present, as well as a large number of visitors, and to make the day a red letter event in the history of the church. As a token of the esteem in which they are held, a public reception will be tendered Rev. McAfee and his family at the church Monday evening, and it is expected that their friends from all over the city will participate.

Idlewild Addition Proves Attractive To Investors

Scores of sight-seers and prospective purchasers visited the Idlewild Addition to New Boston Thursday afternoon, taking advantage of the special excursion that was run on the street car line by the owners, Messrs. L. C. Turley and Alan N. Jordan. All of them spent an enjoyable afternoon viewing this beautiful new addition, which embodies every feature of a modern suburban addition. A corps of salesmen were on hand to answer all questions and explain about the payments.

The addition comprises seven blocks in length and three in width, with wide streets, all paved cement sidewalks, large and attractive lawns, and rows of shade trees. Three hundred and thirty-two building lots are in addition. The entire tract has been raised, over 15,000 feet of dirt having been used from the adjoining hillside for this purpose.

Water, gas and sewer pipes have been laid, affording the residents every accommodation and convenience enjoyed in the city. All telephone and telegraph poles will be placed in the alleys, and the streets will be kept free from anything that would detract from their appearance.

Many lots have already been sold, several having been sold Thursday afternoon, although no effort was made to make sales. On hand to show the visitors around were the two owners, L. C. Turley and Alan N. Jordan, and the following corps of salesmen: Lewis Lowry, John Jordan, Ralph Thomas, Merle Dubois, Charles Bierley, P. W. Kileoyne and Roy Murray.

AUTO TURNS TURTLE

The Ironton Irononian Friday

"Enroute home from the county fair at Proctorville last evening in their Ford automobile, Wesley Eicher and wife and son Harold and daughter Ruth, had an almost miraculous escape from death when their machine turned over, near Lick Creek on the new state road above Coal Grove. The machine turned over, breaking Mrs. Eicher's right arm, inflicting a bad cut on the head of the boy and painfully injuring Mr. Eicher. The machine left the road, Mr. Eicher claims, dropping over an embankment. It then righted itself and pulled the steep grade to the road.

"The J. H. Lucas machine arrived on the scene a short time after the accident occurred and brought Mrs. Eicher and son to the Keller hospital, in this city."

Deal Is Closed

Friday's Ironton Irononian said: "A deal whereby E. R. Peyton, formerly of this city, now of Delhi, near Cincinnati, and E. J. Merrill, of the Ball-Warfield Drug Company, became owners of the Red Cross Drug store, owned by Emil Arnold and Dr. Gallagher, was closed Thursday morning and the new owners took charge of the store at once."

By Lydia E. Pinkham's Vegetable Compound.

Bellefonte, Ohio.—"I was in a terrible state before I took Lydia E. Pinkham's Vegetable Compound. My back ached until I thought it would break, I had pains all over me, nervous feelings and periodic troubles. I was very weak and run down and was losing hope of ever being well and strong. After taking Lydia E. Pinkham's Vegetable Compound I improved rapidly and today am a well woman. I cannot tell you how happy I feel and cannot say too much for your Compound. Would not be without it in the house if it cost three times the amount."—Mrs. CHAS. CHAPMAN, R. F. D. No. 7, Bellefonte, Ohio.

Woman's Precious Gift.

The one which she should most zealously guard, is her health, but it is the one most often neglected, until some ailment peculiar to her sex has fastened itself upon her. When so afflicted such women may rely upon Lydia E. Pinkham's Vegetable Compound, a remedy that has been wonderfully successful in restoring health to suffering women.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Balked Plot

Sheriff Smith claims to have foiled an attempted jail delivery at the county jail Thursday. Late Thursday afternoon was the time selected by the sheriff and his deputy to discover a plot, which they claim has been hatching since last Monday.

Labor Leader Gives It Unstinted Praise

Business men, professional men, artisans and innumerable women, whose judgment guides them in all acts and conclusions, are testifying to the merits of the "Master Medicine," Tanlac. Here is what Charles Peete, well-known labor leader, who lives at 101 West Market street, Louisville, has to say about the premier preparation.

"I was in a half-sick condition for a long time. Was all run down, nervous and couldn't eat much. My stomach was out of order and my digestion was bad. I often had headache and was generally depressed in spirits. Tanlac seemed to suit my case exactly. After using the medicine for about ten days my appetite and digestion are much better and I relish whatever I eat. I now sleep sounder and feel stronger. I want to say that no one can make a mistake by trying Tanlac."

In commenting on Mr. Peete's statement, the Tanlac Man who is personally introducing the famous preparation in Portsmouth, said:

"A tired, dragging feeling of the body, a sluggish mind, dull memory and depression of spirits; nervousness, weak back, end feet, headache, poor digestion and unsound sleep are among the numerous symptoms of a condition from which a surprisingly large number of people in cities like Portsmouth suffer. Many are now using Tanlac, and in each case the medicine is accomplishing astonishing results."

Tanlac is now being introduced in Portsmouth at the Fisher & Streich Pharmacy, 6th and Chillicothe streets, exclusive agents for this city, and at Dow's, 6th and Walnut, Cincinnati. adv

State Grange Master Is To Be Present When The County Organizations Meet Sept. 4th

State Grange Master J. L. Taber will be present at Wheelersburg a week from Saturday, Sept. 4, when the quarterly meeting of the Granges of the county will be held, and much important business come up for consideration.

The meeting will be held at the Wheelersburg school house, and arrangements are being made for a big attendance. A bountiful dinner will be one of the features.

In addition to the address which will be given by Mr. Taber, other talks will be made, and there will be the usual "lecture hour" from one until two o'clock. A program is being arranged by those in charge of the meeting and a profitable day is promised all who attend.

It is probable that at this meeting the participation of the Granges in the Korn Karnival will be further discussed. Last year the parade engineered by the Wheelersburg live wires was really one of the biggest events of the Karnival.

The Movies

Five Reels—Two Good Feature Pictures Columbia Tonight

The Columbia offers an especially attractive program this evening consisting of a three reel and also a two reel feature picture, making five reels in all.

The three reel feature is one of those justly famous "Broadway Star Features" entitled "The Mystery of Mary" and like all of these productions, is first class in every respect.

If you saw a beautiful girl in an afternoon gown running wildly for the month of a railroad tunnel, when a train was likely to come through at any minute, what would you do? Tyrone, respecting the girl's wish that she keep secret the cause of her predicament, simply aids her to reach her destination. He meets the girl afterwards, the mystery is solved, her persecutors punished, then Tyrone and Mary are married.

The other picture this evening is a two reel picture story of the great Northwest and aside from being an intensely interesting drama of lumber camp life, the unusually beautiful scenery in this picture, make it one of much more than usual interest.

You will be pleased with tonight's program at the Columbia.

Pretty Mary Pickford At The Lyric Tonight

Mary Pickford in "Little Pal" has an original and incomparable portrayal.

"Little Pal" provides Mary Pickford, the universal favorite of the screen, with one of the most unique roles in which she has ever been presented. The photoplay is one of primitive emotions and primal passions, and

evidences a hitherto unsuspected aspect of Mary Pickford's astounding versatility. Unfamiliar with the customs of modernity and remote from all the influences which have fashioned our present civilization, "Little Pal" recognizes no other force than the dominant love which develops within her for the one man who has practiced justice toward her. Through a series of thrilling sacrifices she proves her loyalty and devotion to him, and when she has at last secured his happiness, requests no other reward from him or fate.

Mary Pickford invests this extraordinary characterization with all the power and charm for which she is universally celebrated.

The first show starts promptly at 6:30. Admission 10 cents.

At The Arcana

"Jane's Declaration of Independence" is a two reel dramatic feature that is being featured at the Arcana theatre tonight. Agnes Vernon and Hubert Henley are taking the principal roles in this celebrated dramatic success. "A Skin Game" is the title of a big Joker comedy that is sure to please. Fritz Burnett is taking the leading role. "For His Brother's Crime" is another drama that is included in tonight's bill. There are four reels of high class pictures all par excellence.

At The Exhibit

At the Exhibit tonight Edwin Thumson is presenting Mignon Anderson in a two reel dramatic success entitled "Outcasts of Society." It is a splendid production and can be immensely enjoyed.

"Betty's First Love" is a two reel comedy with Nova Gerber and Webster Campbell starring.

"The Plunderer" is the big Fox production that will appear at the Exhibit tomorrow. William Far-

mer is playing the leading role in this five reel masterpiece. The admission will be only ten cents. Shows start at 10:30 in the morning and will continue throughout the afternoon and evening.

At The Majestic

"Joe's Retribution" is a single reel drama that is one of the splendid numbers on the Majestic program tonight. There are plenty of heart throbs in the picture and the interest is held all the way through.

"Their Delayed Honeymoon" is a ripping comedy drama, full of humorous incidents and many entertaining scenes. Tonight's program is an all around good one so don't fail to see it.

At The Scenic

Tom Moore and Marguerite Courtot, in the Kalem three-reel mystery drama, "The Black Ring," is the big headline on tonight's interesting program at the Scenic. It is a thrilling and gripping heart-throb story that will hold you from the first flash to the very end of this great feature. "The First Piano Concerto" is a delightful Biograph comedy-drama, will close the bill. Don't miss this good show. Tomorrow the Scenic will have another of its great double feature programs, headed by Charlie Chaplin, the world's greatest comedian, in one of his latest two-reel screems, entitled, "Work." See Chaplin as a paper-hanger. He is sure some splash. The second feature is the Edison three-reel drama, "Her Proper Place," with Marc MacDermott and Miriam Nesbitt in the leading roles.

Strand Theatre

One of the biggest and strongest photoplays ever produced will be shown at the Strand tonight. "The Cheval Mystery," a striking three reel Victor drama with Harry Myers and Rosemary Theby in the leads. Fourth reel "Ye

Gods, What A Cast," is a sure "grouch killer."

Hear the new Edison Diamond Disc phonograph at the Strand tonight.

Tomorrow Charlie Chaplin comedy scream, and "In the Name of the King," the fifth chapter of "Under the Crescent" series and two other good comedies.

5c Temple Theatre

"The Mystic Jewel" is a strange detective tale, starring Charles West and Signe Aune, in two parts, a Majestic production. The third reel is an old Indian legend graphically screened with "Billie" West in lead. The fourth is a comedy entitled "A Chase By Moonlight."

"Damon and Pythias" at the Pastime Tonight

The world's premier dramatic spectacle, "Damon and Pythias" has been secured by the management of the Pastime theatre in Selotville for tonight. This celebrated picture is shown in six parts. The first show will start at 6:30 this evening, so come early as there will be a large crowd. Plenty of seats for all.

From the crucible of violent death the friendship of Damon and Pythias came forth pure gold. This is the story of the greatest friendship in the history of man.

Four hundred years before the dawning of the Christian era, the drama of "Damon and Pythias" was enacted and has lived and grown down through all the ages until it is the foremost theme in the world today upon which universal peace may be founded.

It is this sublime story that is unfolded in the absorbing and soulful photo drama of "Damon and Pythias."

Spectacular, stirring, gripping are its scenes; laid in Greece in the pomp and glory of her great-

est day, with its colossal groupings, classic dances, games, the thrill of the chariot race, battles upon sea and land, cities built and cities destroyed, and through all this, with a dramatic fire and touch of sentiment runs the story of human friendship and its lesson of man's humanity to man.

Never before in the history of pictured plays have scenes of such magnificence and grandeur met the camera.

Because of its all appealing story, its deep and inspiring love interest, its nearness to all that is human, its educational and uplifting influences, it is a picture all will want to see. It is the pictured presentation of a story of friendship that has lived through all the ages.

Admission to adults will be 15 cents and to children 10 cents. First show starts promptly at 6:30.

Danger Was Present When "The Plunderer" Was Being Screened

Actual danger faced the players in the William Fox production of "The Plunderer," a screen version of Roy Norton's world-famed book, who headed by William Farina, the \$100,000 screen star acted the scenes of the thrilling mining story in a real gold mine. In the first place it was obviously impossible to make the screen version in an active mine so an abandoned "Bonanza" had to be found in the form of the "Tip-Top" mine, once a famous "location" on a "mother lode," but long since abandoned. Mr. Farina and Director Edgar Lewis descended the shaft of the "Tip-Top" in a rusty ore-bucket on a time-worn rope. But they were not down more than a hundred feet when they abruptly signalled to be drawn to the surface again. When they reached it they were pale and almost overcome from the poisonous gases of the long disused shaft. A week was spent in patching up the power

plant that pumped fresh air into the mine and after numerous tests the powerful electric lights were placed and the work of making the picture proceeded. Even then, however, everything was not serene as frequently in distant parts of the mine there could be heard rumblings and crashings as rotting timbers gave way. A mining expert was retained by the company to pick out safe locations in the "Tip-Top" and under his guidance things went through without an accident although one narrow escape occurred when a cloud-burst in the mountains flooded one part of the mine and a regular tidal wave came sweeping through the gallery where the company was working. All escaped by scrambling up the rough sides of the tunnel; but they had to wade knee-deep through discolored, dirty water to reach the shaft.

"The Plunderer" will appear at the Exhibit tomorrow afternoon and night. Admission will be ten cents to all.

BURNED TO DEATH AS AUTO EXPLODES

Cleveland, Aug. 27.—Edward Corrigan, 28, was burned to death early today when an auto in which he was riding with William Passnow, 29, skidded and exploded two miles south of the city. Passnow was thrown clear of the machine but Corrigan was pinned between the seat and the wheel. The gasoline tank burst and the contents exploded. Passnow was stunned and when he recovered sufficiently to know that Corrigan was trapped the flames were raging so furiously that he was unable to save the burning man.

AUSTRO-GERMANS NOW IN RUSSIA

London, Aug. 27.—The Austro-German invaders have not only pressed their opponents into Old Russia on the political borders of ancient Poland, but have penetrated well beyond the district of Russia proper, inhabited by the Poles. This enormous advance has now reached a stage where the troops of Emperor Nicholas are fighting for existence on the soil of White Russia, which for the first time during this war is feeling the effects of invasion.

The main object of the German attack around Brest-Litovsk for a number of days has been the railroad running eastward from the fortress toward Moscow. This line, with a branch running in a southeasterly direction, provided the means for Russian evacuation of the fortress. The Austro-German advance against this railroad had been so slow, it is believed here the evacuation was accomplished the day before the fortress surrendered.

Serain's reply to the note of the quadruple entente, which has not been made public, although reported to have been delivered, evidently is awaited by the other Balkan states before they take further action. Doubts are now being cast on the accuracy of the report, which was accepted yesterday, that a Turco-Balkan agreement had been signed.

A Very Good Suggestion.

A Young Men's Christian association suggests that the man who must drink have his wife buy a supply and retail the stuff to him. It adds: "Should you live ten years and continue to buy booze from her and then die with snakes in your boots, she will have money enough to bury you decently, educate your children, buy a house and lot, marry a decent man and quit thinking about you entirely."

Mrs. C. C. Coverston Elected President Of County W. C. T. U.

Thursday evening one of the most successful conventions of the county W. C. T. U. came to a close at the Sciotoville M. E. church.

The discussion of plans for the fall campaign by Mrs. Annanta Dameron were accepted. Definite plans were made for the passing of literature and final arrangements were made for the entertainment of Mrs. Mary Harris Arner, state prohibition speaker, who will be here in October to make a speech. She is from Atlanta City.

Mrs. C. C. Coverston, county superintendent, made the annual address. She gave a short review of the work of the different unions during the past year.

The election of officers resulted as follows: President, Mrs. C. C. Coverston; vice president, Mrs. Bess Turner; secretary, Mrs. Albert Reiser; treasurer, Mrs. Freeman W. Chase.

The members then adjourned to the spacious lawn of Mrs. Price's home where a several course supper was served to the some fifty attendants of delegates and officers. All kinds of good things were served and the members will never forget the royal way in which they were entertained.

ed by the Sciotoville W. C. T. U. When the evening session opened at 7:30 the church house was packed to the doors. Rev. A. B. Johnson, pastor of the M. E. church, opened the session with prayer followed by the congregation who sang "Battle Hymn of Republic." Mrs. C. C. Coverston made the opening remarks followed by a selection by the chorists.

Mrs. Claude Hartman of Lucasville, rendered a beautiful piano solo. Ruby Mahaffey gave a recitation and Misses Edith and Allen Williams sang pretty a duet followed by a recitation by Pauline Walden. Frances Halstead sang a solo. A recitation by Edith Williams was followed by a vocal duet by Mrs. Winifred Bennett and Mrs. Elizabeth Lennett.

The Matron Silver Medal Contest was greatly enjoyed, the following contestants taking part: Mrs. Mamie Dupree, Mrs. Lola Hosking, Mrs. Lucy Mahaffey, Mrs. Kate Bender, Mrs. Alta Yost, Mrs. Emma Brant, Mrs. Della Tinker and Mrs. Louise Sartin. Each gave a recitation. The judges, Mrs. Lou Ricker, Mrs. Albert Reiser and Mrs. F. W. Chase decided that Mrs. Bender gave the best and awarded her with the silver medal, the presentation being made by Mrs. Chase.

During the decision of the judges the Portsmouth Y. P. B. gave a short program. Loren Cunningham, county secretary of the Y. P. B. work, gave a ten minute talk. Nell Doughly gave a recitation.

The meeting was brought to a close by the congregation singing "America."

RED SPOTS ON BOY'S FACE

And Head, Itched Awfully. Turned Into Sore Spots. Hair Came Out. Used Cuticura Soap and Ointment. Head Perfectly Well.

304 Vermont Ave., Kansas City, Kan.—"There appeared on my brother's face and head little red spots which itched awfully and he scratched. Always after awhile these red spots turned gradually into bigger ones covering all his head. They were kind of whitish on top. The hair came out on the sore places and he was awfully cross. "At first we used Calve and — but they seemed to do no good. I read the Cuticura advertisement in the paper and sent for a free sample of Cuticura Soap and Ointment. They stopped the itching a little and seemed soothing so we went to drug store and bought some more. He washed his head with Cuticura Soap and then smeared the Cuticura Ointment on and after using them for three or four weeks his head is perfectly well and he is getting nice new hair." (Signed) Miss Marie Barknot, Aug. 6, 1914.

Sample Each Free by Mail With 12-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

CAN'T ALWAYS TRUST WHAT YOUR EYES SEE

Turner E. Smith, a traveling salesman, writing from the Hartman Hotel, Columbus, complains to the mayor about the conduct of Officer Roy Moore in arresting Harvey Cullum in the West End Tuesday afternoon, claiming that his actions showed him to be unfit as an officer.

The mayor, in reply, advises Mr. Smith that Cullum, in police court, the following morning, admitted that the officer was justified in doing as he did. His attention was also directed to the fact that Cullum had, on a former occasion, seriously stabbed a police officer, and when in an intoxicated condition, was regarded as a bad man.

Complain Of Noise

Complaint has been made to the mayor about the noise at the new Distel billiard hall on Gallia street at late hours at night.

The mayor has written a letter to the proprietor, asking him to see that there is no reason for complaint in the future.

Drunks Fined

Three plain drunks were arraigned before Mayor Frick in police court Friday morning, and all pleaded guilty. One of them, George Milton, was fined \$10 and costs for drunkenness and begging, while Sam Hogan and Dan Sardinzo, a foreigner, were fined \$5 and costs. The latter paid up and was released, but the other two were assigned to the city work gang.

JR. O. U. A. M. HOLDS IMPORTANT MEETING

Report of the proceedings of the state convention at Tiffin this week was made by Irwin Bowser, the delegate from this city, at the regular meeting of Portsmouth Council, Jr. O. U. A. M., Thursday evening. Mr. Bowser gave a detailed account of the important features of the convention, which he said was one of the most enjoyable ever held. He was told in his praise of Tiffin and its people for the manner in which the visitors were entertained.

The dedication of the new \$50,000 school house at the Orphan's Home was one of the most important events of the week. Motion pictures were taken of the convention.

The convention adopted a resolution, advocating uniform free text books in Ohio, which was favored by the local Council. Fifty dollars was donated for the relief of the suffering miners of the state, and the same sum was contributed to the McKinley Memorial Fund for the proposal memorial at Niles, Ohio.

E. A. Llewellyn, ranking officer at the state encampment of the uniformed rank of the order in this city last week, was elected state vice-councillor, the second highest office in the state. O. T. Patterson was advanced from vice councillor to councillor without opposition.

The next convention will be held at Cleveland, which was chosen over Newark and Cedar Point by a safe majority.

Before the meeting adjourned the council voted to send a letter of thanks to Mayor Frick for his courtesy shown the order during the state encampment last week.

OHIO STATE FAIR

AUG. 30-SEPT. 3

MONDAY—Women's Free Day.
TUESDAY—Columbus Day.
WEDNESDAY—Grange Day.
THURSDAY—Governor's Day.
FRIDAY—Old Soldiers' and Children's Free Day.

The sixty-fifth annual Ohio State fair—promising to be the biggest, best, most interesting fair in the history of the state—will open in Columbus next Monday with more features to make it attractive to the general public than any previous exposition of the sort within memory.

The state fair grounds gate will be opened on a show thoroughly modernized, not only one show, but many of them, for there will be six big shows, each one a strong drawing card in itself, aside from the usual displays which make an Ohio citizen pardonably put up just a bit with pride that he lives in the Buckeye state, and makes him a little bit more sure that "the rainbow comes down in Ohio."

Plenty of Amusement.

There will be fat swine—swine too fat to walk, and worth a railroad president's salary for a month just as plain common hog meat; big cattle, with coats that shine like those of the finest thoroughbred horses; sheep with wool as white as snow, and that carry around enough mutton to feed a regiment of Russians; big draft horses bobbed and as proud as their owners themselves; chickens, ducks, geese, swans, pigeons, turkeys, squabs, corn, wheat, tomatoes, monster rainbows, beans, potatoes, every product of an Ohio farm imaginable; flowers, fancy work, art and machinery. And there will be the popcorn men, the toy balloons, the band concerts, Ferris wheels, merry-go-rounds, and "hawkers" and "barkers," to keep things lively every minute, and keep not only the children, but the old folks, interested.

These are the things which are at every fair, and the entries this year indicate that the exhibits will excel anything of the past, additional prize money having increased the number enormously. But there will be six additional big separate shows, any one of which would take hundreds of people to Columbus.

Large Purse Offered.

One is the race meet; another is the great Paine's spectacular fireworks pageant, "Panama Canal"; third is the first annual horse show; next comes the automobile show; still another are the free circus attractions; sixth is the Charlie Chaplin competition.

Larger purses and more liberal rules affecting owners have resulted in more entries in the races than for the race meet of any State fair in the country this year. The large fields will insure short work going miles to see. Monday there will be the 2:30 race, 2:14 trot and 2:13 pace; Tuesday the 2:35 trot, 2:35 pace, 2:22 trot; Wednesday the 2:16 pace, 2:18 trot and 2:18 pace; Thursday, three-year-old trot, 2:18 trot, 2:25 trot; Friday, 2:16 trot, 2:14 race, 2:20 pace. In the first race each day the purse is \$1,000, except that \$1,500 is offered in the three-year-old trot. Governor Willis also offers a cup to the winner of this race. All other purses are \$500.

Wonderful Pageant.

The wonderful evening pageant, "Panama Canal," has an acting cast of 450 people. It will be instructive as well as beautiful. The Panama canal route will be shown; and the attack on the city of Panama, by land, sea and air will give a graphic idea of present day warfare. The attack is made on a few days, during which the finest of circus attractions are presented. The city is entirely destroyed, then follows the great fireworks display. Nothing to compare with this has ever before been attempted at the fair.

The horse show, on Tuesday, Wednesday and Thursday, will be conducted after the manner of the big shows at Madison Square Garden, New York, and, coming between the big Cleveland and Indianapolis shows, there will be seen some of the finest gaited saddle horses and fancy stepping harness horses in the country. The jumpers and the pony show will add much to this show.

The Big Auto Show.

The Charles Chaplin show, on Tuesday, will be one of the funniest and most ridiculous things ever seen in Ohio. A prize of \$50 has been offered for the best, \$10 for the worst, Charlie Chaplin imitation, in the state. There being no entry fee, and the competition open to young and old alike, 150 entries are expected.

The automobile show will be the largest between New York and Chicago this year. There will be 40,000 feet of floor space, covered with every thing new in autos and accessories. All the late models, most talked about, will be seen, and there will be an interesting display of the various uses to which autos may be put. There will also be, daily, ten big circus acts, free of charge—a complete circus, without additional cost.

The entire grounds have been lighted with electricity, and all buildings will be open at night. Admission free after 5 o'clock in the evening will be but 25 cents.

Schwartz Clothes Are Worn Around The World

From Portsmouth to China they are worn. Friday's mail brought a photograph and letter from George L. Davis, Taisufu, Shantung Province, China, showing him at the grave of Confucius wearing a Schwartz coat. They are worn the world over, not only in China but elsewhere. Here is an unsolicited comment on Schwartz clothes.

The Reason Why

Schwartz clothes are constructed along dependable lines, given close attention to details of material and workmanship.

Schwartz Clothing Co.,
Portsmouth, Ohio.

My dear Mr. Schwartz:

The suit I ordered from you last summer was so satisfactory that I want to get another from you. I want a suit for winter wear made of black serge. Please make it according to my measurements that you have on hand, for the suit that you sent out last summer was satisfactory.

I enclose a picture of one of your coats at the grave of one of the most famous men that the world has ever known. I thought it might interest you.

With kindest personal regards,

Yours most sincerely, GEORGE L. DAVIS.

Taisufu, Shantung, Province, China, July 29th, 1915.

The Reason Why

Schwartz clothes are built to sell again and they carry distinctive "snap" and style to them that permit their admission to the most honored and exclusive spots of the world.

FORMER PORTSMOUTH BOY SHOT BY BROTHER

SECOND IN THE FAMILY TO MEET DEATH VIA "UNLOADED" GUN ROUTE

Mrs. Isaac Cameron of 815 Tenth street received a telegram Friday afternoon telling of the death of Richard Obern of Kenton, O., who was accidentally shot and killed by his brother John at Kenton, O., Thursday afternoon about 4 o'clock.

The victim of the fatal accident has many friends here who will remember his bright face when he carried The Times Noon Extra. Young Obern who was 15 years of age was a son of Mr. and Mrs. Ben Obern who lived in this city for about 8 years. For four years they lived at Eleventh and Chillicothe streets. Mr. Obern being employed as blacksmith by the Portsmouth Monument Co. and is now employed in the same capacity with the Kenton Monument Co. The family left Portsmouth last December.

Mrs. Cameron who received the sad message was a good friend of the family. According to the telegram John Obern, 11, picked up a revolver and playfully pointed it at Richard and pulled the trigger, the lad falling in his tracks. He was rushed to a hospital where he died in a few minutes. While residents of the Peerless City the lads attended the St. Mary's school.

It will be remembered that last December shortly after moving to Kenton, Charles Obern, 25, was accidentally shot and killed by a neighbor boy who pulled the trigger of a loaded shot gun after pointing it at Obern.

The funeral of little Richard Obern will be held Saturday from the St. Mary's church at Kenton.

KORN KARNIVAL KARDS KOME

Invitation Is Sent To Senator Harding To Dedicate Bridge

Souvenir post-cards of the 1914 Korn Carnival were received by the Business Men's Association Friday, and are now ready for distribution among the local dealers.

Friday, September 10th, has been officially set aside as "Post Card Day," and every one in Portsmouth is expected to mail out cards to their friends and relatives, notifying them of the big exhibition in Portsmouth October 6, 7, 8 and 9.

Four different scenes of the 1914 Carnival are shown on the cards, each of them portraying the immense crowds and the attractive displays on the principal streets of the city. They will be sold at cost, one cent each, the purchase of large quantities making it possible for the Association to secure a rock bottom price. They are vastly superior to the ordinary one cent post-card.

Distribution of the cards will be in charge of the advertising committee, of which E. W. Richards is chairman. Every local dealer will be furnished cards for sale.

Formal invitation was extended to U. S. Senator Warren G. Harding to make the principal address at the dedication of the new Scioto river bridge on Wednesday, the first day of the exhibition. It is almost assured that he will be present on that occasion, along with Clinton Cowan, superintendent of the state highway department, and other notables.

Shopping in Portsmouth last Saturday. Dr. Marshall is moving on his farm. Mr. Earl Winebrenner and sister, Miss Ruby, of Franklin Furnace, were mingling with friends in the neighborhood, Sunday.

HAS SHOE OF GERMAN KILLED IN LIEGE BATTLE

A shoe claimed to have been taken off a German killed at the memorable battle of Liege is on display at the Anderson Brothers Company store. The shoe was sent to Dr. Brown of Hillsboro. The shoe is constructed of water proof leather, has a metal rim around the heel, hollow tongue, is side laced and has no counters. The shoe is stitched and nails have been driven into the sole to add to its durability. The shoe is a striking example of German's comfortable and durable footwear for the army.

A RIVAL FOR OTTO'S APPLES

Another addition was made to the fruit display of the First National Bank Friday, when Mrs. Louis R. Watkins, of 1229 Fifth street, sent down an unusually large and luscious peach which was grown on a tree in her yard. The peach has been placed alongside of Otto Maier's apples.

GERMANY SENDS U. S. FORMAL PROMISE OF SATISFACTION

GENERAL'S WIFE AND CHILDREN PERISH IN BLAZE

San Francisco, Aug. 27.—Mrs. John J. Pershing, wife of Brig. Gen. John Pershing, was burned to death with three of her four children at her quarters in the Presidio, San Francisco, early today. The children whose lives are lost are Helen, 8 and Anne 6, and Margaret, 5. Warren Pershing, 3 years of age, survives. Explosion of a night lamp is believed to have caused the tragedy. Mrs. Pershing was a daughter of Senator Warren of Wyoming. Her husband is at El Paso in command of troops along the western border.

EX-PRIEST SHOTS, KILLS BISHOP

Winona, Minn., Aug. 27.—Bishop Patrick Heffernan, of the Winona Diocese was shot twice over the heart this morning by an ex-priest of French birth.

DETAIN SEVERAL IN MURDER CASE

Gary, Ind., Aug. 27.—One man was under arrest and several were detained for examination by the police today in an effort to apprehend the murderers of Rev. Edmund Kayser who was slain at his home in Tolleston, a suburb, last Tuesday night. The names of the men were withheld, and Chief of Police Heintz refused to disclose the nature of the evidence against them. The chief admitted today he had not discovered whether the clergyman was killed because of his pro-German utterances or for other acts which brought him the enmity of some of his neighbors. Elmer Leroy, an Englishman, said to have denounced Kayser in his church some weeks ago, was taken into custody yesterday but was believed might contain proof of a plot to assassinate the minister was taken in charge by the police. Letters Kayser is said to have written to German officials could have inflamed partisans for the allies against him.

Greece And Entente Powers Agree?

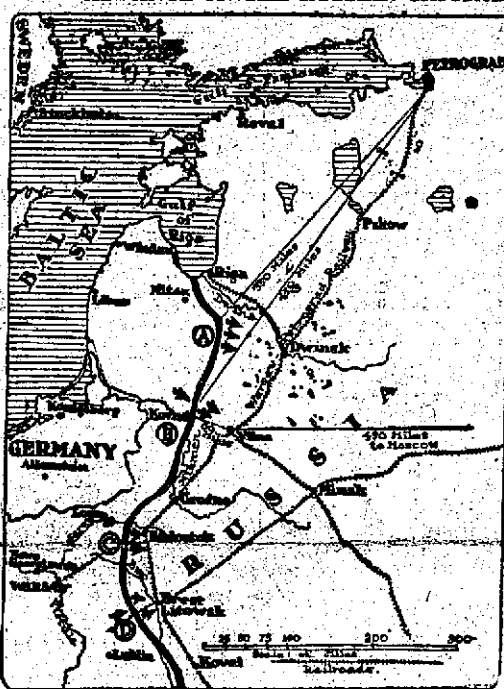

Paris, Aug. 27.—Representatives of the Entente powers and Greece, according to a dispatch from Athens to the Havas agency, have reached an agreement upon greater trade privileges between the two countries which has produced an impression that public opinion in Greece favors the Allies. Henceforth all importations to Greece will be allowed without hindrance on the basis of trade statistics. Greece undertakes to prevent re-exportation to the central powers or Turkey and to permit free transit and access to Greek territory to all goods de-

stined for Bulgaria and Serbia. Partisans of the Entente Allies comment upon this first act of the Venizelos ministry as a good augury for further negotiations.

OHIOAN ELECTED

Detroit, Mich., Aug. 27.—Revision of the constitution was the principal business today before the annual convention of the Brotherhood of Railway Clerks. J. J. Forest, of Columbus, Ohio, has been elected grand president of the brotherhood, but the other officers will not be elected until the constitution has been repaired.

DIFFICULTIES IN WAY OF GERMAN ADVANCE ON THE RUSSIAN CAPITAL

The enormous difficulties in the way of a German advance on Petrograd are clearly shown by the map. From the nearest point to the Russian capital yet reached by the Germans the distance is more than 350 miles, and nearly all the way the land is a vast marsh, interspersed with small and large lakes and rivers, and there is only one easily destroyed railroad. The objective of the Germans in the future, as in the past, is likely to be the Russian field army, which still refuses to be cornered and still retreats into the interior.

AUSTRO-GERMANS NOW IN RUSSIA

London, Aug. 27.—The Austro-German invaders have not only pressed their opponents into Old Russia on the political borders of ancient Poland, but have penetrated well beyond the district of Russia proper, inhabited by the Poles. This enormous advance has now reached a stage where the troops of Emperor Nicholas are fighting for existence on the soil of White Russia, which for the first time during this war is feeling the effects of invasion.

The main object of the German attack around Brest-Litovsk for a number of days has been the railroad running eastward from the fortress toward Moscow. This line, with a branch running in a southeasterly direction, provided the means for Russian evacuation of the fortress. The Austro-German advance against this railroad had been so slow, it is believed here the evacuation was accomplished the day before the fortress surrendered.

Serbia's reply to the note of the quadruple entente, which has not been made public, although reported to have been delivered, evidently is awaited by the other Balkan states before they take further action. Doubts are now being cast on the accuracy of the report, which was accepted yesterday, that a Turco-Bulgarian agreement had been signed.

SEVEN GERMANS ARRESTED ON BOAT

Barcelona, Aug. 27.—(Via Paris) Seven Germans were arrested last night on board the steamer Regina Helena at the request of the French consul as they were about to sail for Italy. It is alleged that the prisoners had false passports and intended to try to reach Germany through Italy. One was a former member of the crew of the famous German cruiser Emden, who escaped from the British and reached Lisbon.

GOVERNORS DISCUSS NATIONAL DEFENSE

Boston, Aug. 27.—Military preparedness and national defense and conservation of natural resources were the subjects under consideration at the concluding meeting of the governors' conference today. It was expected that discussion on preparedness would continue beyond the formal sessions of the conference and be taken up at a clam bake at Pemberton tonight.

The forenoon meeting was given over to the consideration of conservation with former Governor John A. Dix, of New York, and Governors George A. Carlson, of Colorado and Ernest Lister, of Washington as the announced speakers.

Honolulu, T. H., Aug. 27.—A contract was closed here today between the Inter-Island Navigation Company and C. W. Hunt, of New York City, for the construction of Honolulu harbor of a coaling plant for vessels to have a capacity of 165,000 tons.

The plant will represent an investment of \$1,000,000. It will be unequalled in size by any plant on the Pacific, with the exception of the coaling plant at Panama.

Agrees To Make Concessions On Arabic Sinking

Washington, Aug. 27.—Count Von Bernstorff, the German ambassador, acting on instructions from Berlin, notified Secretary Lansing today that "full satisfaction" would be given to the United States for the sinking of the White Star liner Arabic. The ambassador explained that Germany would make more than a mere disavowal if it is found the Arabic was sunk without warning.

Washington, Aug. 27.—Future relations between the United States and Germany were regarded much more hopefully here today than for many weeks past. Administration officials believed that indications from Berlin that the Imperial government was striving hard to adjust difficulties between the two countries growing out of Germany's submarine warfare presaged a better understanding and an ultimate peaceful settlement.

The feeling of confidence in official circles that relations between the United States and Germany would not be broken off as a result of the sinking of the liner Arabic was due to two things. One was assurances by Count Von Bernstorff, the German ambassador, and the other Ambassador Gerard's report from Berlin.

Count Von Bernstorff informed Secretary of State Lansing that the statement presented by him Tuesday from his government stated that there was no intent to cause loss of American lives in the destruction of the Arabic was intended to imply that German submarine commanders had orders not to attack merchant ships without warning in the future.

Ambassador Gerard outlined the substance of a conference with Foreign Minister Von Jagow which confirmed unofficial advice that Germany, prior to the sinking of the Arabic had adopted a policy designed to settle com-

pletely the whole submarine problem. It is believed that Germany's next communication to the United States will explain her new policy adopted with the aim of settling the submarine controversy. And it is considered here that the United States will suspend judgment on the sinking of the Arabic until a full report is received from Germany.

WAR IS DECLARED IN CITIZENS' CAMP

Plattsburgh, N. Y., Aug. 27.—A commander of the first brigade at Plattsburgh received information that the Red army invasion had crossed the Canadian border, seized the railroad junction at Rouse's Point, N. Y., and had taken Malone, N. Y. The commander of the Blue army of defense, of which the business men regiment is a part, decided to advance against the enemy at Rouse's Point before he could be reinforced at Malone. Between 5,500 and 6,000 men will figure in maneuvers.

IT WAS "TAG DAY" AND TEST DID THE TAGGING

Student Twirler Blanks Maysville; Team Home Today

Maysville, Ky., August 27.—"Tag Day" proved a Jonah to "Our Boys" and they went down in defeat to the Portsmouth Cobblers by a score of 6 to 0. Well they copped three out of four anyway and it took Test, the High School wonder, to turn the trick and under different circumstances that gent would have had a hard time of it. The locals could only land one four safety while Winchell gave the visitors a big lead in the first. He walked two men and hit one and all three scored, giving the Cobs enough to win the game and he was taken out at the end of the first and French went on the mound.

In the first Dillhoefer walked, Dilts sacrificed, Sharnan hit by pitched ball, Johnson walked, Caton singled and Dillhoefer and Sharnan scored, Caton out when he passed Johnson on the bases, McHenry slammed one through third and Johnson scored, McHenry out going to second.

In the third the visitors put across two more. Dillhoefer singled, Dilts out French to Henderson, Sharnan doubled and Dillhoefer scored, Johnson doubled and Sharnan scored, Caton out. Emmor to McHenry fouled out to Tinnin.

The Cobs put their final tally across in the sixth. Galen slammed out one to Tinnin who juggled it, McHenry fouled out to Emmor, Spencer fouled out to Henderson. Doherty safe on error and Caton scored and Test fanned.

The score:

TRAVERS, OUMET AND EVANS APPEAR TO HAVE NATIONAL GOLF TOURNAMENT AMONG SELVES; OTHER CONTESTANTS SEEM WEAK

Oumet (top left), Chic Evans and Travers (right).

The golfer who climbs the watch tower and scans the horizon to find some figure that lifts itself above the common crowd of aspirants for the national amateur title in the championship at Detroit, August 28 to September 4, will be compelled to come sadly down and admit that he sees nothing new, only the same old three faces: the amateur triumvirate, Jerome D. Travers, the open champion; Francis Oumet, the amateur champion, and Chic Evans, the western champion. It is not expected that the title will pass outside the trio.

COLTS ARE TROUNCED

Frankfort, Aug. 27.—The locals took the final game of the series from Lexington here Thursday by a score of 10 to 2. Elliott and Hanna were both hit hard while Kuykendall pitched a good game. The score:

SPORT SALAD

The Braves' new park will seat 42,000 fans, but not to middle October if Pat Moran can prevent it.

The map of Europe is like the National League percentage table. It changes every day.

Horace seems to be building up a strong pitching staff in Cincy. Schneider, Dab and Toney are three fairly good hurlers and this tall sycamore, McHenry, who is long arms as if he could pitch considerably.

The Red Sox have bought Frank Glendon, the speedy outfielder who was with the Yankees. He has been with Buffalo since turned loose by Frank Chance.

The more Morley plays the outfield the more widespread the belief that he has the making of one of the best outfielders the game has produced.

And Don't Get It. None but the bald deserve the hair.

Reaper Shelton, who has been out-folding in the American Association for five seasons, was purchased yesterday by the Yankees and played for his new club against the Indians in the afternoon.

Shelton, who winters at Huntington, W. Va., is a lawyer, and when his baseball days are over he plans to hang out his shingle.

Devereaux earned and received frequent applause from the fans yesterday because of his great feeling game. The home boy is fast, works hard, smokes after everything in sight and is a regular life-saver when a long loss or throw is made to him. Not a player on the team has improved more than the first baseman and tries harder to keep the team on the right side of the percentage column.

THE KROOCIAL SERIES

(Charleston Gazette)
The Senators' roughest part of their road to the top begins today because the Maysville club are going better than any club in the league. If the Indians can break even or win three of the games they will be right back in first place to stay.

Poor Old Spiders

(Cleveland Leader)
From now on the Spiders will be sure-enough orphans. And Jack Killeb will be leading a motley aggregation for far by the time the season ends. It's already been determined to call in Catcher Billings for another trial with the Indians. Pitcher Dick Carter, too, is expected to be transferred to the American League club.

May Join Old Taylors

Lexington, Aug. 27.—It was reported last night that the Frankfort Old Taylors had offered the once slugging Colt outfielder, Charley Ellis, of old Blue Grass League fame, a place on their roster for the remainder of the season. Ellis is now a free agent and is expected to sign with Tifford Jones to fill the place in right field made vacant by the injury to Angemeter, who hurt his foot at the hotel here.

Crowd Was Very Small

(Lexington Herald)
Booster's Day for Lexington does not approach that enjoyed by other clubs in the Ohio State, but the management last night expressed gratitude to those who contributed to the meagre success of the day.

Catarrh a Blood Disease S.S.S. Drives It From Your System

Because Catarrh affects the nose and throat, causing sores in the nostrils, stoppage of air-passages and gathering in the throat, it has been common practice to treat Catarrh by cauterizing, washing and sprays applied to these parts. This mode of treatment is entirely wrong. It cannot give permanent relief, and it is liable to irritate and aggravate the trouble. Catarrh can be rid of with S.S.S. allowed to run on its own. It drives the blood to the throat, giving you a well. S.S.S. is a natural blood tonic and has proven effective in the treatment of all blood affections. Eczema, scabies, rash, Scrofula. Get S.S.S. at your druggist's. If you need special advice write the S.S.S. Co., treatment of Catarrh is S.S.S., Santa, Ga.

Marquard Refuses To Join Montreal

New York, Aug. 27.—Hube Marquard, club waived on the Hube, owing to his high salary. The Giants got Pitcher Herbert in exchange. Marquard set a record in 1912 when he won thirteen straight games. Last year he defeated Pittsburgh in a 24-inning game.

Ridgley Is Senator

Huntington, Aug. 27.—Carl Ridgley, who has been one of the shining lights in the Herald-Dispatch league and has kept the Juniors at the top of the heap, left yesterday morning in Lon Barringer's auto for Charleston, where he will play shortstop for the Senators in the Ohio State League.

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink, which overcomes uric acid and is beneficial to your kidneys as well.

IRONTON JEWELRY STORE ROBBED; ONE THIEF CAUGHT

Thrilling Revolver Battle Is Fought

A robbery with sensational frills attached to it was staged in Ironton near the midnight hour last night when the jewelry store of Clay Henry, a former well known local jeweler, was entered, which was followed by an exchange of shots between one of the robbers and Officer Deering of Ironton. The robber, who opened fire on Officer Deering, escaped but Harry Le Clare one of the alleged robbers was captured.

Relative to the robbery, which was one of the boldest executed in Ironton in a long time, the Ironton Irontonian of Friday morning said:

"At a few minutes after midnight last night while Patrolmen Deering and Baldwin were making their nightly rounds through the alley back of the Clay Henry jewelry store, on Center street they were halted by a cry of 'hands up' that came out of the semi-darkness near a rear window of the jewelry store and before either could comply an automatic pistol barked out five times, disturbing the stillness of the night and creating quite a great deal of excitement. Officer Deering promptly drew his revolver and returned the fire and the man behind the automatic ceased firing. A search of the building then revealed Harry Le Clare who claims his home is in New York. He was locked up by Captain Smith and will face a burglary charge.

"However Le Clare was not the man who did the shooting as he was, according to his own admission, inside the jewelry store handing out the valuables to a confederate, an older man and one more skilled at the business of robbery, safe cracking, etc. and did not know that his confederate who, he said, was known in Cin-

The Movies

"Damon and Pythias" at the Pastime Tonight

The world's premier dramatic spectacle, "Damon and Pythias" has been secured by the management of the Pastime theatre in Sciotoville for tonight. This celebrated picture is shown in six parts. The first show will start at 6:30 this evening, so come early as there will be a large crowd. Plenty of seats for all.

From the crucible of violent death the friendship of Damon and Pythias came forth pure gold. This is the story of the greatest friendship in the history of man. Four hundred years before the dawn of the Christian era, the drama of "Damon and Pythias" was enacted and has lived and grown down through all the ages until it is the foremost theme in the world today upon which universal peace may be founded.

It is this sublime story that is unfolded in the absorbing and soulful photo drama of "Damon and Pythias."

"Spectacular, stirring, gripping are its scenes; laid in Greece, in the pomp and glory of her greatest day, with its colossal groupings, classic dances, games, the thrill of the chariot race, battles upon sea and land, cities built and cities destroyed, and through all this, with a dramatic fire and touch of sentiment runs the story of human friendship and its lesson of man's humanity to man."

Never before in the history of pictured plays have scenes of such magnificence and grandeur met the camera.

Because of its all appealing story, its deep and inspiring love interest, its nearness to all that is human, its educational and uplifting influences, it is a picture all will want to see. It is the pictured presentation of a story of friendship that has lived through all the ages.

Admission to adults will be 15 cents and to children, 10 cents. First show starts promptly at 6:30.

Pretty Mary Pickford At The Lyric Today

Mary Pickford in "Little Pal" has an original and incomparable portrayal.

"Little Pal" provides Mary Pickford, the unrivaled favorite of the screen, with one of the most unique roles in which she has ever been presented. The photoplay is one of primitive emotions and primal passions, and evidences a hitherto unsuspected aspect of Mary Pickford's astounding versatility. Unfamiliar with the customs of modernity and remote from all the influences which have fashioned our present civilization, "Little Pal" recognizes no other force than the dominant love which develops within her for the one man who has practiced justice toward her. Through a series of thrilling sacrifices she proves her loyalty and devotion to him, and when she has at last secured his happiness requests no other reward from him or fate.

Mary Pickford invests this extraordinary characterization with all the power and charm for which she is universally celebrated.

The first show in the afternoon starts promptly at one o'clock and in the evening at 6:30. The admission will be 10c to all both matinee and night. You had better come in the afternoon to be sure of getting in.

Sprains Ankle

Wm. Doherty, who has been playing with the local team for the past week, severely sprained his left ankle in the Portsmouth-Maysville game Thursday.

Back From Motor Trip

Mr. and Mrs. Fred Klingmann, of Second street, have returned from a motor trip to Cincinnati, Dayton and Piquette. They found many bridges out, but the roads were in pretty good shape. While in Cincinnati they met Mr. Charley Green, who is traveling for a Toledo firm. Mr. Green was formerly located in Portsmouth.

Too Late to Hunt. In Sciota a fox which had been released as game for the hunters proved too tame. It refused to run from the dog that was released against it, but ran up to one of the hunters, who took pity on it and picked it up. Boston Globe.

Latest Suspect In Dynamite Crime Is Shamming Insanity

John Henry Smith is the negro of the local authorities and held there until the arrival of an officer from this city.

Smith is the third suspect under arrest, but formal charges have not been preferred against any of them. Since his incarceration in the county jail Smith has been shamming insanity, the authorities claim.

James Not Coming

Fire Chief McQuat received word Friday that Harry James, director of public safety of Dayton, would be unable to attend the Firemen's State Convention to be held here in September. Mr. James will be out of Ohio when the convention is on.

ON LOOKOUT FOR "HIGH YALLER"

The arrest of "High Yaller" is now assured. John Stagner, the popular mixologist at the Pierson Cafe, carries "High Yaller's" photograph in the inside of his hat, and every time a freight train passes the Pierson place, or a strange negro appears in that locality, the local Sherlock Holmes is on the qui vive, hat in hand, looking at the concealed photograph to note a resemblance. John has visions of securing that reward of \$300 for the capture of High Yaller, and also of winning enduring fame as a man-hunter.

Valley Grange To Hold All Day Picnic

Valley Grange, No. 1708 will hold their annual all day picnic at Oak Grove on the Portsmouth-Jackson pike six miles northeast of Harrisonville Saturday.

Arrangements have been made to have a speaker present from the state grange. A band has been secured to furnish the music and the different Sunday school members will take part in numerous songs.

Will Enjoy Picnic

Members of Massie and Magnolia Lodges K. of P. will go to Otway Saturday to attend an all day picnic arranged by Otway Pythians.

It was to have been held two weeks ago, but was postponed on account of rain. Local Pythians will go down on the N. & W. train which leaves here at 2:25 Saturday afternoon and they will return on the East N. & W. train due here at 11:24 p. m., arrangements having been completed to have this train stop at Otway for the local delegation of Knights of Pythias.

U. S. LEADS WORLD AS EXPORTER

Washington, Aug. 27.—The United States for the first time in its history, now leads the world as an exporter.

Figures made public today by the bureau of foreign and domestic commerce show that American exports in the fiscal year ended June 30, last, totaled \$2,765,400,000, compared with \$2,170,100,000 for the United Kingdom, the next largest exporter. This was an increase of 27 per cent in the case of the United States, when compared with last year and decrease of thirty percent for the United Kingdom.

American exports included domestic products valued at \$2,716,200,000, against \$2,239,700,000 in 1914; and foreign products \$52,400,000 against \$43,400,000 in the preceding year. British exports included British and Irish products, \$1,744,100,000 against \$2,557,200,000 in 1914; and foreign and colonial produce \$426,000,000 compared with \$326,500,000 in 1914.

Telegraph Operators Work For Prizes

San Francisco, Aug. 27.—Expert telegraphers from all parts of the United States were here today ready to compete in the championship tournament under the auspices of the Panama Pacific Exposition.

Among the contestants were D. J. Ellington, holder of the Carnegie diamond medal, C. V. and Herman Gardolf, T. S. Brickhouse and John Gilliland, all of San Francisco, and G. W. Smith, of Philadelphia.

The tournament includes wire events open to the telegraphers of the world, and railroad, commercial, press, and brokers' operator as among the competitors. The championship prize carries with it the Carnegie diamond and a cash prize of \$200. Other events carry cash prizes.

The contests scheduled for today were the railroad men's contest, wireless press and commercial.

Rev. McAfee's Last Sermon Sunday; Farewell Reception

On next Sunday Rev. T. H. McAfee, pastor of the First Baptist church, will preach his farewell sermon to his congregation and plans to go under way to have every member of the congregation present, as well as a large number of visitors, and to make the day a red letter event in the history of the church.

As a token of the esteem in which they are held, a public reception will be tendered Rev. McAfee and his family at the church Monday evening, and it is expected that their friends from all over the city will participate.

Rev. McAfee, who leaves Tuesday morning with his family for his new charge at Marion, has been one of the most popular ministers ever in the city, and there is much genuine regret over his departure. The farewell reception will be made a fitting testimonial to his efficient work while here, and all friends are invited to drop in during the evening.

Rev. Wm. Pettigall, of Wilmington, Del., the editor of "Serving and Waiting," will come to the First Baptist church next Wednesday and will lead the prayer meeting that evening and teach the Union Bible class. He will also remain over the following Sunday, and fill the pulpit of the church, morning and evening.

Idlewild Addition Proves Attractive To Investors

Scores of sight-seers and prospective purchasers visited the Idlewild Addition to New Boston Thursday afternoon, taking advantage of the special excursion that was run on the street car line by the owners, Messrs. L. G. Turley and Alan N. Jordan.

All of them spent an enjoyable afternoon viewing this beautiful new addition, which embodies every feature of a modern suburban addition. A corps of salesmen were on hand to answer all questions and explain about the payments.

The addition comprises seven blocks in length and three in width, with wide streets, all paved cement sidewalks, large and attractive lawns, and rows of shade trees. Three hundred and thirty-two building lots are in addition. The entire tract has been raised over 15,000 feet of dirt having been used from the adjoining hillside for this purpose.

Water, gas and sewer pipes have been laid, affording the residents every accommodation and convenience enjoyed in the city. All telephone and telegraph poles will be placed in the alleys, and the streets will be kept free from anything that would detract from their appearance.

Many lots have already been sold, several having been sold Thursday afternoon, although no effort was made to make sales. On hand to show the visitors around were the two owners, L. C. Turley and Alan N. Jordan and the following corps of salesmen: Lewis Lowry, John Jordan, Ralph Thomas, Merle Duduit, Charles Bierley, P. W. Kilecyne and Roy Murray.

AUTO TURNS TURTLE

The Ironton Irontonian Friday said:

"Enroute home from the county fair at Proctorville last evening in their Ford automobile, Wesley Eicher and wife and son Harold and daughter Ruth, had an almost miraculous escape from death when their machine turned over, near Lick Creek on the new state road above Coal Grove. The machine turned over, breaking Mrs. Eicher's right arm, inflicting a bad cut on the head of the boy and painfully injuring Mr. Eicher. The machine left the road, Mr. Eicher claims, dropping over an embankment. It then righted itself and pulled the steep grade to the road.

"The J. H. Lucas machine arrived on the scene a short time after the accident occurred and brought Mrs. Eicher and son to the Keller hospital, in this city."

Balked Plot

Sheriff Smith claims to have foiled an attempted jail delivery at the county jail Thursday. Late Thursday afternoon was the time selected by the sheriff and his deputy to discover a plot, which they claim has been hatching since last Monday.

Gauthier Bodenhamer, the man arrested at Sioux Falls, S. D., and brought to this city to answer to a charge of forgery, is said to have brought a hand-saw with him from the Sioux Falls prison, with which he and his jail companions had worked their way to within a half-day's bid for freedom.

DR. IS FINED ON WOMAN'S CHARGE

Dr. A. Y. Munson, a local dentist was convicted in police court Friday morning of malicious assault upon Mrs. Archie Moore, of Offshore street Thursday evening, and fined \$10 and cost by Mayor Frick. He paid the fine out of the \$25 bond which had been deposited at police station Thursday evening after his arrest.

Mrs. Moore testified that she and her husband and sister-in-law, Mrs. Clara Wrooff, were returning home from the Arcana theatre about eight o'clock, when they were approached by Dr. Munson near the corner of Sixth and Chillicothe streets. Her husband had left them for a few minutes to make a purchase in a cigar store near by. Dr. Munson, she testified, made improper advances to her, continually winking, whistling and motioning for her to come to him. When she refused to pay attention to him she says he came up and grabbed her by the arm and tried to force her to go with him.

France Names Men To Come To U. S.

Paris, Aug. 27.—Octave Homberg, of the foreign office, and Ernest Mallett, regent of the Bank of France, have been designated by the financial minister, Alexandre Ribot, as the French delegates who are to join British representatives in New York early next month to consider the best means of obtaining French and British credit balances in the United States, to stabilize the excessive rates. M. Ribot gave them their instructions today, and they are to depart for the United States on Monday.

Both the French delegates are eminent bankers. M. Homberg is a director of the Banque de l'Union Parisienne and the Banque Franco-Serbe. M. Mallett, in addition to his relation to the Bank of France, is a director of various banks and insurance companies.

SAYS WESTERN WOMEN SPEND MOST MONEY ON CLOTHES AND GET LEAST IN RETURN

A Very Good Suggestion. A Young Men's Christian association suggests that the man who must dring have his wife buy a supply and retail the stuff to him. It adds: "Should you live ten years and continue to buy booze from her and then die with snakes in your boots, she will have money enough to bury you decently, educate your children, buy a house and lot, marry a decent man and get thinking about you entirely."

Every day that the TIMES is published, builders list their bargains on TIMES WANT AD page.

Miss Anna G. Larkin, noted style designer and called the "best dressed woman in America," declared in San Francisco a few days ago that western women spend more money on clothes and get less in return than any other women in the world. "On an average, two New York women could dress on what one woman in the west spends, and they would be better dressed," she declared.

CIGARMAKERS UNION FORMED IN THE CITY

At a meeting held Thursday night a local branch of the National Cigarmakers' Union was organized in Portsmouth and it will be known as Branch No. 385.

The following officers were unanimously elected to direct the destinies of the new branch: President, Leo Greibel; vice-president, Charles Roth; corresponding secretary, George Schlichter; financial secretary, Frank Schuman; and local secretary, Fred Heisel. The latter was also chosen delegate to the Central Labor Council.

LABOR COUNCIL MEET

Central Labor Council will hold a special meeting tonight to take up Labor Day matters and to look into several grievances relative to buildings underway in the city, it was stated Friday. An all-day picnic in Millbrook park is to feature Labor Day this year. Final arrangements for it will be made at tonight's meeting.

Son Has New Dress

The Pierce Decorating company of Springfield, O., has completed the work of redecorating the interior of the Sun theatre. The play house looks beautiful in its Egyptian tan with trimmings of Roman gold. The new scenery has also arrived and everything is in readiness for the opening Monday.

EXPRESSED PLEASURE OVER RECENT DECISION

A large attendance marked the regular session of the Pipe Fitters Union held Thursday evening in the Carr hall. A rising vote of thanks was given to Judge J. W. Tarbell for his decision in the plumbers' injunction case.

F. M. Burdick was elected to represent the local at the state convention which is to be held in Mansfield, O., October 11. The members spent most of the evening in rejoicing over the recent court victory. The local decided to have a sing party and a social affair at their next meeting September 9. The committee on arrangements is composed of F. M. Burdick, George Mosely and George Brock.

Choir To Practice

All members of the Second Presbyterian church choir are requested to meet tonight at 7:15 for choir practice.

Deal Is Closed

Friday's Ironton Irontonian said: "A deal whereby F. R. Paston, formerly of this city, now of Delhi, near Cincinnati, and E. J. Merrill, of the Ball-Warfield Drug Company, became owners of the Red Cross Drug store, owned by Emil Arnold and Dr. Gallagher, was closed Thursday morning and the new owners took charge of the store at once."

Reunion Saturday

The annual Crabtree reunion will be held Saturday at the Angelo Crabtree farm in Jackson county.
